HISTORY, &C.—Organized May 5 1863 and on Feb. 11 1874 took present name. The Chicago Milwaukee & Puget Sound Ry., forming Pacific extension, was acquired in fee Jan. 1 1913, its bonded debt being assumed; the stock ($100,000,000) is held alive merely as a muniment of title. V. 96, p. 62; V. 95, p. 1683; V. 97, p. 819.

Co., Seattle Port Angeles & Western Ry. Co., Bellingham & Northern Ry. Co., Milwaukee Terminal Ry. Co., and Gallatin Valley Ry. Co. V. 108, p. 2017.

The stockholders on May 21 1921 approved a proposition to lease the Chicago Terre Haute & Southeastern Ry. Co. for a term of 999 years from July 1 1921, with option to purchase the leased property. By the terms of the lease this company guarantees as rental for the use of the leased property the payment of the annual interest on the bonds and securities of the Southeastern Company, amounting to approximately $900,000, together with the annual taxes, approximately $235,000. This company further agrees to purchase any or all of the 40,000 shares of the outstanding stock of the Southeastern Ry. at $10 per share, and agrees to assume the outstanding securities, amounting to about $19,000,000, the bulk of which mature in 1951 and 1960. (See terms of lease under Chic. T. H. & S. E Ry. in V. 111, p. 2519.)

The I.-S. C. Commission in Feb. 1922 authorized the company to acquire control of the Chicago Milwaukee & Gary Ry. by purchase of its $1,000,000 capital stock, and to assume obligation or liability, as guarantor, in respect of $3,000,000 of the $5,700,000 1st Mtge. 40-year 5% gold bonds, due Apr. 1 1948, by endorsing thereon its guaranty of payment of principal thereof and of interest accruing from and after Jan. 1 1924. Compare V. 114, p. 853.

BONDS.—The 100-year General and Refunding Mortgage of 1913 is an open mortgage and not limited to any specified amount, but the bonds at any time outstanding are limited to three times the outstanding stock, now amounting to $233,686,200. When the amount of bonds issued thereunder (bearing interest not in excess of 6%) reaches $696,000,000, further issues must be limited to 75% of the cost of property placed under the mortgage.

The mortgage is secured by a direct lien on all the properties, including about 10,143 miles directly owned, 109 m. jointly owned, terminal properties in Chicago, Milwaukee, Seattle, Tacoma, Spokane & other cities, and the entire equipment, subject to $179,673,000 prior liens ($18,331 p. m.), to retire which an equal amount of bonds is reserved, $132,007,200 being also reserved to retire debentures and convertible bonds, which are equally secured thereunder. None of the prior liens may be extended and no further amounts issued except gen. M. for refunding purposes, so that eventually the Gen. and Ref. bonds will become an absolute first lien. Further bonds may be issued for improvements, betterments, acquisitions, construction, equipment, &c. Of the bonds, $154,489,500 have been issued in exchange for Chic. Milw. & Puget Sound 1st 4s (leaving only $26,175,000 of the latter outstanding). On Dec. 31 1923 the treasury held available $117,217,200 of the new bonds issued for said exchange and against impts., &c. The 6% 1st Mtge. Bonds Security, Gold Loan of 1924, secured under a trust indenture to National City Bank, New York, as trustee, by the deposit and pledge of $20,000,000 Gen. (now 1st) Mtge. 5% Gold bonds, due May 1 1989. The entire issue but not any part, redeemable on 60 days' notice at 103% and int. on Jan. 1 1928 and on any int. date thereafter at their face value and accrued int., together with a prem. of ¼% for each 6 mos. between the red. date and the date of maturity. ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized, without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

FULL FINANCIAL STATEMENT TO N. Y. STOCK EXCHANGE of Feb. 26 1919, see V. 108, p. 1172 to 1174. Valuation, V. 109, p. 1461; V. 113, p. 1470, 1573, 1771; V. 114, p. 2240.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. V. 108, p. 378; V. 109, p. 672.

Settlement with "Clover Leaf" regarding Chicago & Alton stock. V. 113 p. 2078.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853. In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock See extra dividend below, also that company's caption under Miscel. Cos.

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W Coal Co. A new contract was arranged. V. 101, p. 47. In May 1917 suit over Morris & Essex lease was settled, the guaranteed dividend on M. & E. stock being increased from 7% to 7¼% p. a. V. 104, p. 2116. V. 100, p. 1509, 1832; V. 102, p. 1896; over Syr. Bing. & N. Y. lease, V. 103, p. 1980. Anthracite rate case, V. 101, p. 2072; V. 102, p. 1357. Government regulation of coal prices in 1917, V. 105, p. 767, 2412, 2293, 1961.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission a plan for the segregation of its coal properties and the operation of its mines owned, as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $45,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000. Compare V. 112, p. 2190.

Reorganization Plan.—Kuhn, Loeb & Co. and the Equitable Trust Co., New York, as reorganization managers, have announced a reorganization plan which has been approved and adopted by the bondholders' committees, of which John Henry Hammond, James H. Perkins and Richard Sutro are Chairmen. The plan has also been approved by the directors of the Western Pacific RR. Corp. (which holds all the stock) and the Missouri Pacific RR. also by the I.-S. C. Commission. The plan also provides for the creation of equal beneficial interests in the new company for the Western Pacific and the Missouri Pacific (compare also original proposed reorganization plan of the Hammond committee, subsequently abandoned, in V. 114, p. 515, 519.) The I.-S. C. Commission on June 9 1924 approved the plan as modified. V. 118, p. 2947. The plan was declared operative in June 1924. V. 118, p. 3077.

The properties were bid in at mortgage foreclosure sale at Denver, Oct. 29 1924, for $17,935,700. The sale was confirmed by Federal Judge 1924. V. 118, p. 3077. The properties were bid in at mortgage foreclosure sale at Denver Oct. 29 1924 for $17,935,700. The sale was confirmed by Federal Judge J. Foster Symes on Nov. 20 1924. V. 119, p. 2063, 2407.

The mortgage securing the ref. & impt. bonds shall authorize the issue thereunder by the new company of such principal amount of bonds, at any one time outstanding, not exceeding $150,000,000, as determined by the directors. Of the bonds so authorized there shall be reserved to refund underlying bonds a principal amount equal to 105% of the principal amount of underlying bonds (now $81,112,000) from time to time outstanding.

The modified plan provides that refunding and improvement bonds, to the extent of $3,000,000, are to be issued to provide additional capital. The Missouri Pacific RR. and the Western Pacific RR. Corp. have agreed upon the consummation of the plan of reorganization to purchase $2,000,000 of the new ref. & impt. bonds provided for by the plan, and at the same time to purchase an additional $1,000,000 of the bonds if it shall be deemed necessary for the purposes of the new company, all of the bonds to be purchased at such prices as may be approved by the I.-S. C. Commission.

The obligations of the railroad companies shall be several, that is to say each of them shall be under obligation to purchase one-half only of the bonds. The purchase by one of them of its one-half of the bonds shall operate as a discharge of such party from its obligation to advance to the new company any part of the sum of $740,827, as provided in a letter to the I.-S. C. Commission, dated Dec. 3 1923.

The I.-S. C. Commission on Nov. 1 1924 authorized the company to issue $3,000,000 ref. & impt. mtge. 6% bonds, series "A"; said bonds to be sold at not less than par and int. The proposed bonds will be designated series "A," will be dated Oct. 1 1924, will bear int. at rate of 6% per annum will be redeemable, in whole or in part, on or after Oct. 1 1934 at 107½ and int., and will mature Oct. 1 1974.

(2) *Gen. Mtge. Bonds.*—Limited to the total authorized amount of not exceeding $30,000,000, maturing Aug. 1 1955 (i. e., date of maturity of present ref. bonds) and bearing 5% int., payable semi-ann. from Feb. 1 1924. Bonds will be secured by a mortgage subject and subordinate to the ref. & impt. mtge. and co-extensive therewith as to property and rights covered.

The gen. mtge. will contain further provisions to the effect that (*a*) gen. mtge. bonds shall be redeemable, all or part, at any time at 105 & int.; (*b*) new company shall pay, on or before May 1 1925, and on or before May 1 in each year thereafter, so long as any of the gen. mtge. bonds shall be outstanding, an amount equal to 1% of the maximum amount of gen. mtge. bonds at any one time issued and outstanding, such payments to be required to be made only out of net income for the last preceding calendar year (but to be cumulative) as a sinking fund, to be applied to the purchase at not exceeding redemption price, of gen. mtge. bonds, all bonds purchased or called for the sinking fund to be kept alive and the interest paid thereon from time to time to be added to sinking fund and applied in same manner.

The gen. mtge. bonds will be applicable in the first instance as follows:

In exchange for refunding bonds and coupons	$22,557,650
In exchange for adjustment bonds and coupons	7,250,000
Total	$29,807,650

The plan as modified provides that "Until Feb. 1 1929, the gen. mtge. bonds shall be income bonds, cumulative from Feb. 1 1924, to the full extent of 5% per annum; the payment of the int. accruing on the gen. mtge. bonds for the period from Feb. 1 1924, until Feb. 1 1929, shall not be mandatory even if the same shall have been earned by the new company; but if earned and available, whether prior to Feb. 1 1929, or thereafter, the int. on the bonds accruing during such 5-year period (including accumulations, if any), shall be paid to the extent that in the reasonable discretion of the directors of the new company such payment is not inconsistent with due regard for the protection of the property of the new company and the maintenance of efficient service thereon. Commencing Feb. 1 1929, int. upon the gen. mtge. bonds accruing from and after that date shall be a fixed charge of the new company."

(3) *Preferred Stock.*—Authorized, $17,000,000 (par $100). Entitled to receive cumulative dividends at rate of 6% per annum, payable quarterly Dividends on the pref. stock shall accrue from Feb. 1 1924. Redeemable, all or part, upon 30 days' notice at 105 and dividends.

A preferred stockholders' committee, consisting of three members (one to be selected by each of the different committees above) shall be created. The members so designated shall hold office for 5 years. The pref. stockholders' committee, at any time when as many as four quarterly dividends upon the pref. stock (whether or not consecutive) shall have accrued and be unpaid, may, and at the request in writing of the holders of record of at least 10% of the then outstanding pref. stock shall, appoint an accountant familiar with railroad affairs, a banker and a man of experience in practical railroad work, who shall be given full access to the books and accounts of the new company and of its subsidiaries, and also to the books and accounts of the Utah Fuel Co. Such appointees when so required by the pref. stockholders' committee, shall report their opinions and conclusions concerning the propriety of declaring dividends upon the pref. stock and the proper availability of moneys therefor and their opinions and conclusions as to the carrying out of the policies prescribed for the new company.

The pref. stock is to be applicable in the first instance as follows:

To be issued in exchange for refunding bonds	$12,445,600
To be issued in exchange for adjustment bonds	4,000,000
Total	$16,445,600

Common Stock.—An issue of common stock shall be created which shall possess full voting rights and shall consist of 300,000 shares, or such other number as the reorganization managers shall determine. The shares may have such par value or be without par value as the reorganization managers shall determine. All of the common stock in the first instance shall be issued to or vested in the Western Pacific, but the beneficial interest therein, upon the consummation of the plan, shall be vested equally in the Western Pacific and the Missouri Pacific.

Treatment of Refunding and Adjustment Bonds.

(*a*) Refunding bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of bonds with coupon of Feb. 1 and all subsequent coupons, $725 of gen. mtge. bonds, bearing int. from Feb. 1 1924 at the rate of 5% per ann., and $400 6% cum. pref. stock. Holders of refunding bonds who have heretofore sold the Feb. 1 1922 coupon appurtenant thereto may at their election deposit such bonds without the Feb. 1 1922 coupon attached. Such depositors and holders of certificates of deposit representing refunding bonds, the Feb. 1 1922 coupons appurtenant to which have heretofore been sold, shall receive for each $1,000 of refunding bonds bearing the coupon of Aug. 1 1922 and all subsequent coupons attached, $700 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per ann. and $400 6% cum. pref. stock. Holders of such Feb. 1 1922 coupons appurtenant to refunding bonds as have been heretofore sold may deposit the same and shall receive in respect thereof $25 of gen. mtge. bonds bearing interest from Feb. 1 1924 at the rate of 5% per annum.

(*b*) Adjustment bondholders who shall have become bound by the plan will be entitled to receive: For each $1,000 of adjustment bonds with the coupons of Oct. 1 1921 and all subsequent coupons, $725 of gen. mtge. bonds, bearing interest from Feb. 1 1924 at the rate of 5% per annum, and $400 of 6% cumulative preferred stock.

Provision for Transfer of Mortgaged Property, Other Assets and Cash to New Co.

Upon transfer to the new company of the properties to be sold under foreclosure of the refunding and adjustment mortgages, and upon receipt from the Missouri Pacific of the purchase price of the stock of the new company to be acquired by it as provided, the Western Pacific will:

(*a*) Pay to the new company $10,000,000 in cash.

(*b*) Transfer or cause to be transferred to the new co. all its right, title and interest and all the right, title and interest of the present co. in and to:

The lines of railroad and other property subject to the refunding mtge. or the adjustment mtge. R. Baldwin as receiver of the old Denver company nor any moneys now in the hands of Equitable Trust Co.

The balance of the stock of such company, which was outstanding in the hands of the public has been acquired by the Western Pacific, with a view to consolidating the Rio Grande Junction Ry. into the Denver System.

Sale of One-Half Interest to Missouri Pacific and Creation of Voting Trust.

Upon the transfer to the new company of the properties sold under foreclosure the Western Pacific will transfer to the Missouri Pacific one-half of the common stock of the new company for the sum of $9,000,000.

BONDS.—First Consol. mtge. of 1895 for $175,000,000 (Farmers Loan & Trust Co., trustee)—see abstract, of deed, V. 62, p. 89, secures the $35,000,000 Prior Lien (V. 103, p. 1032) and $140,000,000 General Lien bonds. Both series have voting power; see "Stock" above.

Of the $140,000,000 *Consol. Gen. Lien 4s*, $92,668,000 were reserved for ultimate acquisition of bonds and guaranteed stocks left undisturbed on various parts of the system (see list, V. 62, p. 89), and $17,000,000 were reserved for new construction, betterments, additions, &c., after 1897—not over $1,000,000 to be used in any one year. On Dec. 31 1923 $55,104,000 Gen. Lien bonds had been issued, of which $35,885,000 were in hands of the public and $19,219,000 owned by Erie RR. (on Dec. 31 1923 $19,217,000 of these had been pledged to secure a short-term note for $10,000,000. V. 102, p. 2077; V. 97, p. 1898; V. 100, p. 1168.

The collateral trust 4s of 1901 are secured by 51% of the entire N. Y Susq. & Western stock ($26,000,000 total issue), all of the Pennsylvania Coal Co. stock, and the stock of the Erie & Wyoming Valley RR., Scranton, Pa., to Lackawaxen, 80 miles, and Delaware Valley & Kingston RR. Sinking fund of 10c. per ton of coal mined from mines of Penn. Coal Co. V. 71, p. 1219, 1311; V. 72, p. 44, and circular, p. 36, 532, 257; V. 79, p. 212; $16,887,000 included in the $34,000,000 "outstanding" were in sinking fund Dec. 31 1923.

The Gen. M. Convertible 4s of 1903 ($50,000,000 authorized) cover the entire system subject to prior liens, and when issued were convertible into common stock, but the conversion period has expired for all except series "D" bonds which till Oct. 1 1927 are exchangeable at option of holder for common stock at 50 ($200 par value of stock for $100 of bonds). There is no Series "C" The other series on Dec 31 1923 included:

Amounts Held by—	Public	Co's Treas.	As Collateral.
Series A no longer convertible	$10,000,000	------	------
Series B do do	11,015,000	------	$985 000
Series D convert till Oct. 1927	19,627,100	$900	8,372,000

The $8,372,000 series D 4s are pledged as part security for a short-term note for $10,000,000. V. 76, p. 382, 541; V. 78, p. 768; V. 79, p. 2205; V. 84, p. 270; V. 102, p. 66, 345; V. 105, p. 606.

The shareholders on Dec. 1 1916 authorized a Refunding and Improvement mortgage, limited to $500,000,000 (maturing as to Series A at Dec. 1 1936), to provide for refunding existing funded debt and for necessary capital expenditures over a long period of years. V. 103, p. 412.

In Nov. 1917 authority was obtained to issue $15,000,000 6% Series A *Ref. & Impt. Mtge.* bonds and forthwith pledged $8,750,000 thereof as collateral security for a short-term loan aggregating $5,000,000, with the right to use the remaining $6,250,000 as security for other and additional loans, upon the basis of not more than $175 in amount of bonds for each $100 in amount of loan. On Dec. 31 1923, $13,708,000 pledged, $1,292,000 unpledged.

In May 1918 was authorized to amend the mortgage so as to make possible the extension of the old (underlying) bonds.

In July 1918 obtained permission from the New York P. S. Commission to issue further $12,500,000 6% series "B" Ref. & Impt. Mtge. bonds as security for not over $12,500,000 notes issuable on account of improvements and additions made and to be made. V. 107, p. 82, 181, 291; V. 106, p. 1577, 1900, 2559. On Dec. 31 1923, $16,800,000 had been issued and pledged.

In Feb. 1915 sold $7,400,000 Erie & Jersey (closed) 1st M. and $6,000,000 Genesee River 1st M. bonds. Both issues are subject to call as a whole or in part to July 1 1920 at 110, and thereafter at 115. Cumulative annual sinking fund for each issue. Both roads have been merged in the Erie RR. Co. FORT SMITH & WESTERN RY.—Operates Fort Smith, Ark., to Guthrie, Okla., 216 miles, of which Coal Creek, Okla., to Guthrie, 196 m., is owned and Ft. Smith to Coal Creek, 20 m., is Kansas City Southern trackage. In Oct. 1915 contracted for use of M. K. & T. tracks, Fallis to Oklahoma City, 30 miles. V. 101, p. 1553.

On Oct. 9 1915 Gen. Mgr. Arthur L. Mills was made receiver, but retired on April 15 1921, being succeeded by Chas. T. O'Neal, of Washington, D. C. V. 101, p. 1272. Sold in Jan. 1923 to A. C. Dustin of Cleveland, representing the bondholders, for $50,000, plus $800,000 of receivership indebtedness.

The property of the old Ft. Smith & Western *Railroad* on Feb. 1 1923 was acquired by Fort Smith & Western *Railway*, a Delaware corporation, organized in the interests of the bondholders of the old Railroad Co. In exchange for the bonds of the old Railroad Co. (substantially all of which were in the possession of a bondholders' protective committee), such protective committee will receive all the securities presently issued by the new Railway Co., to wit:

$1,500,000 20-year 1st mtge. 6% bonds;
3,744,000 20-year 2d mtge. 5% bonds (income bonds for first 10 years);
62,400 shares no par common stock.

The new Railway Co., in addition to the railroad itself and the equipment, receive current assets and inventory amounting to $545,000 and assumed current and other liabilities of the receiver amounting to approximately $800,000. These liabilities are prior in lien to the above-mentioned bonds.

Pres. Alton C. Dustin in Feb. 1923 stated that the bondholders' committee (the protective committee of the old bondholders) will continue to function for at least another year in order to pay its debts and the receiver's debts before it will be in a position to make any distribution to the old mortgage bondholders, and that it was impossible at the time to give any estimate as to what the old bondholders will receive.

ORGANIZATION.—Incorp. by Canadian Parliament in 1903. V. 80, p. 996; V. 81, p. 1315. As to Grand Trunk Pacific Branch Lines Co., see V. 90, p. 1044 (also bonds below); V. 82, p. 333; V. 88, p. 295, 822, 1372 1437; V. 107, p. 82; V. 110, p. 561.

V. 108, p. 1060, 1274, 2118

It was announced in Sept. 1924 that the warrants for a full year's interest to March 1 1924 on the 4% Debenture stock, payable out of earnings of the Grand Trunk Ry. Co. for the 12 months ended Dec. 31 1923, would be paid on Sept. 29 1924 to stockholders of record Sept. 8 1924.

HISTORY.—See V. 106, p. 395.

NATIONALIZATION.—The Governor-General of Canada on Nov. 10 1919 signed a bill looking to the acquisition by the Government of the entire capital stock of the company, except the £12,500,000 4% Guaranteed stock. A board of three arbitrators (Sir Walter Cassils, Sir Thomas White and William Howard Taft) were appointed to determine what should be paid for the stock.

The arbitration proceedings came to an end on July 8 1921, and on Sept. 7 1921 the Board's decision was made public, the arbitrators issuing a majority opinion that the pref. and common stock is worthless. V. 113, p. 1155, 1471, 1674, 2185, 2720; V. 115, p. 543, 2267; V. 117, p. 1347.

The Governor-General of Canada on May 11 1920 signed the amended bill for the purchase by the Dominion Government of the stock control of this company. The committee of management as announced May 21 includes: Chairman, Howard G. Kelley, Pres. Gr. Trunk Ry.; (*a*) representing Canadian Govt.: C. A. Hayes, at present V.-Pres. of Canadian National Rys., in charge of traffic, and S. J. Hungerford, Asst. to the V.-Pres. of the Canadian Nat. Rys.; (*b*) representing the Grand Trunk Ry. Co.: W. D. Robb, V.-Pres. of the Grand Trunk, in charge of transportation, &c.: Frank Scott, V.-Pres. & Treas. of Grand Trunk Ry.

The shareholders ratified the plan Feb. 19 1920. New guaranteed stock to the amount of their aggregated appraised value will be issued in exchange for these old stocks in proportions to be determined by the arbitrators, and dividends on such new stock at 4% per annum will be guaranteed by the Canadian Government; provided, however, that the Government shall not be obligated to pay in any year in excess of $5,000,000 as dividends on: (*a*) the present £12,500,000 4% guaranteed stock, and (*b*) the new 4% stock that will replace the present First, Second and Third Pref. shares. V. 109, p. 1891. As to liabilities to be met by Canadian Govt., see V. 109, p. 1986.

The Government will also guarantee the dividends on the present 4% Guaranteed stock and the interest on the company's debenture stock issues, all these securities at the same time parting with their voting power. The present 4% guaranteed and also the new guaranteed stock will be made subject to call at par and dividends. Compare V. 112, p. 1740.

A committee of management, consisting of five persons, is to be formed to insure the operation of the road as far as possible in harmony with the Canadian National lines, the two systems being treated in the public interest as nearly as possible as one system, pending completion of the aforesaid purchase of stock by the Government. The Government will also be authorized to lend to the committee of management such sums as may be necessary for the carrying on of the railway. Upon the transfer to the Government of the preference and common stock, the Government may provide for the discharge of the receivership of the Grand Trunk Pacific Ry. System. V. 109, p. 1527, 1609, 1891; V. 108, p. 2122, 1390, 1274. Government aid as to rolling stock, V. 107, p. 82.

The shareholders on May 12 1921 ratified an agreement between the management and the Canadian Government providing for the transfer of the control of the railway to the Government during May 1921. V. 112, p. 1519, 1740, 1977, 2083, 2190.

Official circular dated Feb. 2 1920, giving history of negotiations with the Canadian Govt. and text of amended agreement. V. 110, p. 2291.

On Feb. 1 1923 Prime Minister Mackenzie King announced that the coordination of the Canadian National and Grand Trunk Ry. systems had been carried out. See Canadian National Rys above.

On Dec. 31 1920 Gt. Nor. and Nor. Pac. owned $107,613,500 of the $110,839 100 Chicago Burl. & Quincy RR. stock, exchanged for their joint 20-year 4% gold bonds (secured by deposit of the stock in trust), on basis of $200 in bonds for each $100 stock. See circular, V. 72, p. 871, 1034, 1135, and application to list, V. 73, p. 294, 903; V. 85, p. 600. Through the declaration of a stock dividend by the C. B & Q. of 54.132% ($60,000,000) to stockholders of record Mar. 31 1921, these holdings were increased to $165,867,400 out of a total of $170,839,100.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat. Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral) due July 1 1936, at 96½ and int. The C. B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047.
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds, Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) were called for redemption July 27 1922 at 103½ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and in addition, by pledge of $36,332,000 Ref. M. bonds secured by the same mortgage under which the $35,668,000 Great Northern Ref. M. 4¼% bonds, due 1961, now outstanding in the hands of the public, were issued in 1911 and subsequently. They will be additionally secured by such shares of stock of the C. B. & Q. RR. as are released by the trustee of the joint indenture as a result of the conversion of the Joint 6½% bonds into the Great Northern Gen. M. 7% bonds. Bonds are not subject to redemption before maturity.

As to offering of $30,000,000 gen. mtge. 5½% Series B gold bonds, due Jan. 1 1952, compare V. 114, p. 626; for offering of $15,000,000 Series "C" 5% gold bonds, due Jan. 1 1973, compare V. 118, p. 2572.

Eastern Ry. of Minnesota.—Nor. Div. mtge. of 1898 limited to $9,700,000, are red. at 105 after April 1 1928. V. 66, p. 471; V. 88, p. 1002, 1253.

Equipments trusts issued to Director-General for rolling stock allocated to this company. See article on page 3 and V. 113, p. 1360.

Secured by mortgage to Equitable Trust Co., N. Y., trustee, which is to embrace except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property which may be vested in the new company; also all additional property of like character at any time thereafter acquired, subject, however, as to the property thereafter acquired, to existing liens thereon, and to any purchase money liens thereon created in connection with such acquisition.

Bonds may be issued in separate issues maturing on the same or different dates, and any series may be made redeemable all or part at times, on notice and at premiums, and may have such conversion privileges, as may be determined by the directors at the time of issue. The new company may have the right to retire any series, all or part, and to issue for such purposes like aggregate principal amount of bonds in another series, bearing the same or different rates of interest, &c. Provision may be made for releases of any part of the railroads of the new company or of any other property.

Series A 6% 30-year gold bonds, dated and carrying interest from July 1 1922, maturing July 1 1952, are redeemable as a whole only at 107½ and int. On Dec. 31 1923 $20,000,000 had been issued, of which $2,750,000 were pledged as collateral.

The remaining $20,000,000 1st Mtge. bonds, authorized, will be issued or reserved for issue under the regulations provided in the 1st mtge., to the extent of not exceeding $5,000,000 bonds to be issuable to a principal amount equal to the entire cost, and beyond that amount of bonds to 80% of the cost of new equipment, improvements, betterments, additions, new mileage or property, or (if permitted by law) stocks or bonds representative of new mileage or property, whether constructed or acquired by the new company or by some subsidiary company.

(2) *Adjustment Mortgage Bonds.*—Total authorized amount, $25,000,000, at any one time outstanding. Secured by mtge. to Irving Bank-Columbia Trust Co., as trustee, on the properties embraced in the new First Mtge. and from time to time becoming subject thereto. Subject to the First Mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the First Mortgage. Interest payable annually or semi-annually as may be provided, at such rate as may from time to time be determined by the directors at the time of issue, but required to be paid (except as to arrears, if any, of cumulative interest payable on maturity of the principal), only out of net income as defined in the mortgage.

They may be issued in separate series maturing on the same or different dates, and any series may be made redeemable, all or part, on notice and at premiums, as may be determined by the directors at the time of issue, but in all cases with accrued cumulative interest. Payment of installments of interest for any period on Adjustment Mortgage bonds of different series carrying different rates of interest shall be made in amounts which in all cases bear to each other the same proportions as the respective maximum rates of interest carried by such respective series bear to each other.

Under the Adjustment Mortgage the new company may reserve the right to retire any series, all or part, and to issue for such purposes like amounts of bonds in another series, bearing same or different rates of interest, &c.

The Adjustment Mortgage will provide that the net income applicable to the payment of interest on the Adjustment bonds shall be deemed to be its net income as that term is defined in the accounting rules of the I.-S. C Commission from time to time in force, but without deduction in ascertaining net income for interest on the Adjustment Mortgage bonds; and only such portion of the net income for each year beginning Jan. 1 as directors may determine, but not less than 50% of such net income for each such year ending prior to Jan. 1 1928 shall be required to be applied (to the extent necessary) to the payment of interest on the Adjustment bonds, and that any remaining net income for any such year prior to Jan. 1 1928 to the extent of any difference between the full interest on the Adjustment bonds and the interest actually paid thereon, shall be carried into a separate account which shall be available for capital expenditures or other corporate purposes, but shall not in any year be a part of surplus available for the payment of dividends on any class of stock at the time outstanding.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cumulative interest shall be payable, but accumulations of interest shall not bear interest.

Series A 6% 30-year adjustment bonds dated July 1 1922 and carrying interest from Jan. 1 1923, maturing July 1 1952, have been issued to the extent of $17,000,000. Red. at par and accrued accumulative interest.

Memphis & Birmingham was leased Dec. 17 1903 for 99 years from Jan. 1 1904, but terminable upon 6 months' notice from either party; rental is net earnings, after payment of interest on bonds, taxes, organization expenses and cost of additions and betterments. This superseded the old traffic contract. Kansas City Fort Scott & Memphis Ry. owns entire capital stock (V. 103, p. 2340.)

The I.-S. C. Commission, in Oct. 1924, authorized the company to acquire control of the Kansas City Clinton & Springfield Ry. through stock ownership. V. 119, p. 2064.

STOCK.—Common, authorized, $45,000,000; issued, $16 654,500 all owned by St. Louis-San Francisco Ry. and pledged under its consolidated mtge.; pref. stock pledged under prior lien mtge. $14,637,700. Co. pref. stock, which in accordance with their terms matured Oct. 1 1921, holders of $14,637,700 accepted the offer of exchange made under the plan of reorganization and received from the reorganization managers in accordance with the reorganization plan, $10,978,275 of this company's prior lien mtge. 4% bonds and $3,659,425 of its adjustment mtge. 6% bonds. $346,900 par value of said stock trust ctfs. have been exchanged for a like amount of the pref. stock of the Kansas City Ft. KEOKUK & DES MOINES RY.—Owns from Keokuk, Ia., to Des Moines, Ia., 162 miles. Leased for 45 years from Oct. 1 1878 to the Chicago Rock Island & Pacific Ry., the lessee paying 25% of the gross earnings and guaranteeing the int. (not the prin.) on the bonds. During the receivership of the C. R. I. & Pac. Ry. from July 1 1915 to June 24 1917, the payments under the lease were suspended under order of Court, but the interest on bonds was regularly paid out of the earnings of the road. Upon termination of Rock Island receivership in June 1917, the operation of the property was again taken over by Rock Island Ry. under the old lease. In Dec. 1923, B. F. Kauffman (Bankers Trust Co., of Des Moines) and J. J. Hughes, Des Moines, were appointed receivers. The principal of the 1st mtge. 5% bonds, due Oct. 1 1923, remains unpaid. Interest on these bonds was guaranteed by the Chic. R. I. & Pac. Ry., the final coupon maturing Oct. 1 1923, having been paid. Bondholders' committee (V. 116, p. 2637): F. J. Lisman, Chairman; Farmers Loan & Trust Co., N. Y., depositary; majority deposited, V. 118, p. 431, 1520. Representatives of the bondholders committee announced Dec. 4 1923 that a provisional lease had been signed between their company and the Chicago Rock Island & Pacific Ry., to go into effect on Jan. 1 1924 when the old lease expired. The Keokuk & Des Moines is to receive $10,000 a month and the Rock Island is to pay all expenses. The lease is subject to cancellation by either party on 60 days' notice. See V. 117, p. 2890. Preferred stockholders committee, V. 116, p. 1893. Stock is $1,524,600 pref. and $2,000,400 com. (par $100). On Dec. 31 1923 Chic. R. I. & Pac. Ry. Co. owned $1,487,900 com. and $627,800 pref. Pref. entitled to share with com. stock in any excess over 8%. V. 99, p. 49, 969; V. 104, p. 1801. Pref. divs. were resumed in 1919, 7%, paid Mar. 1; paid 3½% Aug. 4 1919; 2% Mar. 10 1920, and 3% May 5 1921.

At a foreclosure sale Aug. 19 1924 at Des Moines, Iowa, the property of the company was bought by a committee of bondholders for $1,250,000.

A foreclosure suit was instituted by the Farmers Loan & Trust Co. as trustee under the first mortgage because of default in the payment of the principal of the bonds which matured on Oct. 1 1923. The bondholders' protective committee bought the property pursuant to a reorganization plan (see plan in V. 119, p. 324). Under the terms of the plan, the Chicago Rock Island & Pacific Ry. will acquire the property, and bondholders who have deposited their bonds with the Farmers' Loan & Trust Co. as depositary for the committee, will receive par in Chicago Rock Island & Pacific Ry. first & ref. 4% bonds, with an adjustment of interest from Oct. 1 1923. See V. 119, p. 324, 455, 2407.

COAL PROPERTY.—Lehigh Valley RR. Co. on Dec. 31 1923 owned entire $9,465,000 stock of Lehigh Valley Coal Co. Coxe Bros., see "Bonds."

Pres. Loomis in Dec. 1920 was quoted as saying that the Lehigh Valley Coal Co. has coal reserves amounting to between 700,000,000 and 1,000,000,000 tons. V. 111, p. 2324; compare also V. 113, p. 1772.

In Jan. 1912 the Lehigh Valley Coal Sales Co. was incorporated. See extra div. below and Lehigh Valley Coal Sales Co. under "Industrials." V. 94, p. 123; V. 92, p. 956; V. 95, p. 487, 478.

The company on Feb. 7 1923 filed with the U. S. District Court for the Southern District of New York an amended plan for the segregation of its coal properties pursuant to a decree of the Court entered Feb. 24 1921 (V. 112, p. 849). The plan is a modification of the original plan filed with the Court in Oct. 1921 (V. 113, p. 1574), to which the Attorney-General of the United States filed several objections (V. 113, p. 1674, 1987). A final decree was signed by Federal Judge Learned Hand on Nov. 7 1923. The plan, given in full in V. 116, p. 576, and as supplemented by the final decree, V. 117, p. 2109, provides as follows:

1. The Lehigh Valley Coal Co. will create a new $40,000,000 50-year mortgage carrying 5% interest and protected by adequate sinking fund arrangements. This mortgage until Jan. 1 1933 will be a second mortgage on a small part of the coal company's properties, and thereafter will be a first mortgage on all its properties. Of the bonds $15,000,000 will be sold at once and the proceeds paid over to the Lehigh Valley RR. in satisfaction of all indebtedness on account of advances for capital expenditures and otherwise in the past. The proceeds will be devoted by the railroad company to the improvement of the railroad properties pledged under its general consolidated mortgage of 1903, the income from said fund, however, in the meantime to be received by the railroad company and used for general purposes.

The remaining $25,000,000 of bonds provided for by the new Lehigh Valley Coal Co. mortgage will be reserved for the purpose of retiring the present outstanding bonds of the Lehigh Valley Coal Co. when due—that is, on Jan. 1 1933—to the extent not provided for by the then existing sinking fund. The Lehigh Valley Coal Co. bonds now outstanding amount to $11,514,000, and it is estimated that the sinking fund, which now amounts to $2,871,000 par value of securities therein, will by Jan. 1 1933 with accumulations and additions have a value of at least $5,000,000, so that the bonds then to be paid off from new funds will not amount to more than $6,500,000. This will leave approximately $18,500,000 of the new mortgage bonds of the coal company available for improvements or other capital expenditures by the coal company as occasion may demand.

2. The [$9,465,000] stock of the Lehigh Valley Coal Co. is pledged with the Girard Trust Co. of Philadelphia, as trustee under the railroad company's general consolidated mortgage of Sept. 30 1903, which mortgage matures in 2003. The railroad company will sell for $1,212,160 all of its right, title and interest in the equity of redemption which it owns in said stock, also voting rights and dividends payable thereon, to a new trustee which will issue certificates for 1,212,160 shares of interest therein carrying voting rights and dividends, thus making certificates on the basis of one share of interest in Lehigh Valley Coal Co. stock for each share of Lehigh Valley RR. stock, both common and preferred. The shareholders of the railroad company will be given the right by said new trustee to subscribe to said shares of interest at the rate of $1 per share. Shares of interest not subscribed for on or before April 15 1924 will be sold by the new trustee to the Lehigh Valley Coal Co. at the rate of $1 per share.

Shareholders of the railroad company who subscribe and buy shares of interest as aforesaid will be obliged to dispose of their said shares of interest on or before Dec. 31 1927 unless in the meantime they shall have disposed of their railroad company stock. Neither the railroad company nor any corporation controlled by it, nor any person acting in its interest, shall acquire by purchase or otherwise any of said shares of interest.

3. All certificates for shares of interest as above stated shall, at the time of sale, be registered by the Lehigh Valley Coal Co. in appropriate form, in the names of the purchasers or their nominees, upon information furnished by the trustee, and thereafter transfer may be made only on the books of the coal company.

4. The Girard Trust Co., as trustee under the general consolidated mortgage, holds the legal title to all of the coal company stock and gives the railroad company a proxy to vote the same, the giving of this proxy being dependent upon there being no existing default under the mortgage. After the sale of the railroad company's equity in the coal company's stock, as stated above, the trustee holding said equity will exercise its voting power for the benefit of and at the direction of the owners of the shares of interest, that is to say, the registered owners of the coal certificates as shown by the transfer book of the coal company will exercise their voting power exclusively through their trustee.

5. Upon the maturity or termination of the general consolidated mortgage, the stock of the Lehigh Valley Coal Co. will be available for distribution to the then owners of said certificates of interest and will be distributed to them accordingly, each certificate of interest entitling the holder to a pro rata share of the coal company's stock.

6. The [$2,910,150] stock of Coxe Brothers & Co., Inc., will remain in pledge under the collateral trust agreement of Nov. 1 1905 until the maturity of that agreement on Feb. 1 1926, except that the voting power in the meantime will be assigned to a trustee to be appointed by the District Court. At the maturity of the collateral trust agreement, the stock will be sold by the Lehigh Valley RR.

7. The [$1,500,000] stock of the Delaware Susquehanna & Schuylkill RR. will remain in pledge under the collateral trust agreement also until the maturity of the agreement on Feb. 1 1926, the voting power in the meantime to be assigned to a trustee to be appointed by the District Court. In the meantime application will be made to the Inter-State Commerce Commission for authority to merge and consolidate this company with the Lehigh Valley RR., in accordance with the provisions of the Inter-State Commerce Act which permits authority to be granted notwithstanding the status of the petitioners under the Federal Anti-Trust Laws.

8. The Lehigh Valley Coal Sales Co. will negotiate and enter into a lawful sales contract with the mining companies (Lehigh Valley Coal Co. and Coxe Brothers & Co., Inc.).

The I.-S. C. Commission has placed a tentative valuation of $104,737,607 on the properties of the company as of June 30 1916.

HISTORY.—A consolidation in 1888 of Minn. Sault Ste. Marie & Atl. Minn. & Pac., &c. See V. 46, p. 538, 609; V. 77, p. 628.

In 1909 51% of Wisconsin Cent. com. stock was purchased, affording a Chicago connection, the road being leased for 99 years from April 1 1909; $11,245,000 4% leased line ctfs. have been issued (see Wis. Cent.), secured by Wis. Cent. pref. stock, $ for $. V. 88, p. 232, 564, 686; V. 98, p. 1668. Int. on Wisc. Cent. 1st & ref. 4s ($5,816,000 out) is guaranteed. V. 95, p. 968.

The company offered to take up at 43¼ Wisconsin Central Common stock issuing in exchange 5½% notes secured by Wisconsin Central stock. The offer expired Mar. 31 1924, 95% of the minority stock having been deposited in acceptance of the offer. V. 118, p. 1665, 2437.

The Central Terminal Ry., organized in 1911, on Apr. 1 1914 opened a new Chicago terminal. See BONDS below. V. 93, p. 1463, 1387, 871, 285; V. 95, p. 745.

In Aug. 1921 acquired the property of the Wisconsin & Northern. V. 113, p. 183.

STOCK.—Canadian Pacific on Dec. 31 1923 owned $12,721,500 common and $6,361,800 preferred. Preferred stock has preference as to dividends only. Each year's surplus earnings are regarded as a separate fund. If dividends are declared from any such fund the first 7% on par goes to the preferred; the next 7% on par goes to the common; any further dividends from the same source must be in equal percentages on both pref. and com.

A dividend of 2% was declared payable April 15 1922, but payment of this div. was enjoined by the U. S. District Court of Minnesota following a suit brought by two stockholders involving the question of rights of pref. and common stockholders. In Dec. 1922 the directors declared 2% payable Dec. 28 1922, this payment also being enjoined by another suit brought by the same plaintiffs. See V. 116, p. 2123. In May 1923 a decision was rendered in favor of the directors. V. 116, p. 2129; V. 115, p. 869, 1429, 1532, 2581, 2685. On Oct. 15 1923 the U. S. Supreme Court denied an appeal in the suit. Compare V. 117, p. 1775. On Dec. 17 1923 paid 4% on both the common and preferred stocks.

BONDS.—Can. Pac. guarantees 4% int. on all old bonds assenting to a reduction of int. to 4%; also on 4% consols of 1888, but not on 5% consols. (See V. 50, p. 784; V. 51, p. 239.) All but $4,000 Minn. S. S. M. & Atl.

bonds and practically all other issues assented. Abstract of *Minn. Sault Ste. Marie & Atlantic* mtge. in V. 45, p. 243; Can. Pac. Ry. Co. on Dec. 31 1923 owned $3,993,000 of the M. St. P. & S. Ste M. 1st 4s. The *Consolidated mortgage* of 1888, abstract V. 47, p. 142, was for $21,000,000 on 800 miles (sufficient of this reserved to retire prior bonds) and for $20,000 per mile on all additions. Outstanding amount is, however, restricted to three times the stock. V. 94, p. 351; V. 73, p. 185; V. 78, p. 820; V. 79, p. 1332; V. 80, p. 651; V. 87, p. 1011, 1664; V. 89, p. 779; V. 91, p. 1026; V. 95, p. 544; V. 98, p. 1316; V. 100, p. 812; V. 103, p. 321; V. 106, p. 1126. As to 2d 4s, see V. 68, p. 669, 771, 977; V. 71, p. 845; V. 85, p. 1646; V. 96, p. 1089.

The Central Terminal 1st M. 30-year gold 4s ($20,000,000 auth.) are secured under a joint mtge. with Central Terminal Ry. on Chicago terminals of Minn. St. P. & S. S. M. and Can. Pac. system lines. They are subject to call on any interest date beginning Nov 1 1916 as a whole at 105 and must be called yearly, beginning Nov. 1 1916, at 102½ by a sinking fund sufficient to retire issue at or before maturity if not purchasable for less. The $6,000,000 bonds sold represent cash investment equal at least to their par value, the remainder being reserves for not exceeding 80% of cost of extensions and improvements; in sinking fund Oct. 27 1924, $1,449,000. V. 93, p. 1463; V. 95, p. 745.

The ref. mtge. closes all prior bond issues of the company, at the amount now outstanding, $74,647,000. It authorizes the issue of bonds in series with interest rate and maturity fixed for each series at the time of issue. The authorized issue is limited so that the amount at any one time outstanding, together with all outstanding prior mortgage obligations defined in the mortgage, shall never exceed three times the outstanding capital stock. An annual sinking fund, payable July 1 1922, and on July 1 in each year thereafter, of 1% of the Series "A" bonds from time to time outstanding in the hands of the public, will purchase bonds at not exceeding par and interest. V. 114, p. 1180.

The $10,000,000 6½% collateral trust gold bonds due Sept. 1 1931 are secured by pledge of $12,500,000 25-year 1st ref. mtge. 6% gold bonds, Series "A." V. 113, p. 1156.

READJUSTMENT OF DEBT. (Compare advertisement in "Chronicle" of July 14 1923, page xxviii).

The International Committee of Bankers or Mexico in July 1923 announced that bondholders desiring to participate in the plan for the readjustment of the Mexican debt (V. 115, p. 1153) may do so by depositing their bonds with the authorized depositaries. The plan in brief provides as follows:

(1) The Mexican Government undertakes to set aside annually toward the payment of interest on the bonds after Jan. 2 1923: (*a*) The entire proceeds of the oil export tax; (*b*) 10% of the gross revenues of National Railways of Mexico; (*c*) the entire net operating revenues of such railways. In any event the Government agrees to provide for such current interest an annual fund amounting to not less than 30,000,000 pesos ($15,000,000 U. S. gold) during the first year; and increasing by 5,000,000 pesos ($2,500,000 U. S. gold) per annum for each of the ensuing four years, bringing the annual fund up to 50,000,000 pesos ($25,000,000 U. S. gold) in the fifth year, to be used for the payment in cash of the interest due on the bonds dealt with (compare table in "Chronicle" of July 14 1923, p. xxviii). The balance of such interest will be dealt with in 20-year scrip, not bearing any interest during the first five years, but, for the balance of 15 years, bearing interest at the rate of 3% per annum, payable half-yearly. Any excess of the allocated revenues over the minimum fund in any year may be applied to the purchase or redemption of such scrip; but the committee has the power, under certain conditions and in its sole discretion to determine the disposition of any such excess, in the interest of the bondholders and the general plan during the year 1923.

(It was announced in March 1924 that the cash warrants maturing up to and including Jan. 1 1924 would be paid upon presentation. It was also announced that cash warrants maturing subsequently to Jan. 1 1924 should not be presented for payment until the committee announces that it has received for the current year one-half of the minimum fund to be provided by the Mexican Government under the terms of the plan.)

(2) The interest coupons maturing on or before Jan. 2 1923 and included in the plan, with respect to bonds, are to be detached by the respective depositaries and lodged with Guaranty Trust Co. of N. Y. as depositary against the issue of receipts to an equivalent face amount. Such receipts are to be purchased or redeemed by the Government from a fund sufficient to retire them in full, during a period of forty years, beginning Jan. 1 1928. The receipts will be of two kinds—Class "A" and Class "B"; Class "A" to be retired completely prior to Class "B"—which will be issued in the approximate proportions stated in the schedule (see table in "Chronicle" of July 14 1923, p. xxviii) to the deposit agreement and hereinbefore set forth.

(3) The Government is to make prompt return of the National Railways to private management. It recognizes its obligations to restore such railways, including rolling stock, to their condition at the time the Government took over the railway lines. The Government has agreed to assume the payment of principal, interest and sinking fund of outstanding bonds of the National Railway System, listed hereinbefore, subject to the provisions set forth as to the payments during the five-year period. The liens created by the existing mortgages are not to be enforced unless the Government fails to carry out its obligations under the plan; in which event such liens may be enforced in favor of the respective bondholders.

(4) The matured 2-year notes of the National Railways of Mexico are to be extended for a period of ten years from Jan. 1 1923, with interest at 5% per annum for the first five years beginning in 1923 and at 6% per annum thereafter.

The following notes are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum: National Railways of Mexico 6% Secured Gold Notes, maturing up to Jan. 1 1917.

The following issues are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum after maturity to Jan. 1 1933: National RR. Co. of Mexico Prior Lien 4½% Bonds (No. 17); Mexican Central Ry. Co., Ltd., 5% Equipment Notes (No. 24).

(5) All sinking funds are to be postponed for a period not to exceed five years from Jan. 1 1923.

(e) 4% Consolidation Mtge. bonds dated Aug. 1 1913 and due Feb. 1 1998, issuable in series A, B, C and D only to refund above collateral bonds and debentures, respectively. See below.

The Consolidation Mortgage (securing the collateral issues and other bonds in the order indicated above) covers by a lien ranking ahead of the Refund. & Impt. Mtg. (see below), the lines owned in 1913 (inc., those then brought in by consolidation or merger), 75% (3,750 shares) of the stock of Hudson River Bridge Co. at Albany and the leases of Troy & Greenbush, New York & Harlem, West Shore and Beech Creek railroads. On the main line between New York and Buffalo there is no lien ahead of it except the $100,000,000 1st M. of 1897; and on the railroads consolidated or merged in 1913, such as the Rome Watertown & Ogdensburg, Mohawk & Malone &c., there are no prior liens except the old underlying mortgages thereon and the N. Y. Central's $100,000,000 1st M. V. 102, p. 800, 1541

Refunding & Impt. Mtge. for New Capital and Debt Unification.

The purpose of the Refunding and Impt. Mtge. was to provide for future financing of the N. Y. Cent. & Hud. River and the consolidated company and for the unification of the debt. The bonds are issuable in series, all due Oct. 1 2013, but bearing date of April 1 or Oct. 1 next preceding the date on which the series is authorized, and carrying interest at such rates subject to call at such dates, and prices, and with such provisions as to conversion, &c. as shall be fixed for successive series. V. 96, p. 1424.

The amount of bonds which may be issued under the Ref. and Imp. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

After $500,000,000 of the bonds shall have been issued, not more than 80% of the cost of improvements, additions or new property can be paid for from the proceeds of bonds. Not more than one-third of the amount of bonds can be used in the acquisition of bonds or stocks of other companies. After $500,000,000 of bonds shall have been issued no additional bonds can be issued without the vote of stockholders. Each issue of bonds must receive approval of RR commissions and P. S. Commissions. V. 98, p. 387, 611, 690, 1245, 1393; V. 99, p. 1052, 1131, 1367; V. 100, p. 1079 V. 104, p. 1387; V. 106, p. 2757.

The Ref. & Impt. M. is (1) a lien next to the lien of the Consolidation Mtge. (see above) on the properties, &c., covered by the Consolidation Mortgage. (2) A first lien on the *leases* of the Beech Creek Extension New Jersey Junction and Wallkill Valley railroads, subject to the outstanding bonds of each. (3) A first collateral lien on $500,000 2d Mtge bonds of Beech Creek RR. and $3,964,000 Consol. Mtge. 4s of the Beech Creek Extension RR. companies. (4) A first collateral lien on—

The Refunding & Impt. Mtge. is also a lien upon the properties described in the supplemental indenture (dated June 15 1915), assuming, as authorized by the shareholders, the obligations of the Ref. & Impt. Mtge. and extending the lien thereof over the former Lake Shore & Mich. So. Ry., Chicago Ind. & So. RR., Geneva Corning & So. RR., Dunkirk Allegheny Val. & Pitts. RR. and all of the other properties included in the consolidation of 1914, and also over the former Cleveland Short Line Ry. Jamestown Franklin & Clearfield RR., Sturgis Goshen & St. Louis Ry. and Elkhart & Western RR., acquired by conveyances in 1915 (see "Organization" above). The lien created by this supplemental mortgage is subject, as to parts of the mortgaged properties, to the respective prior liens of the several underlying mortgages thereon shown in table above. In 1914 $40,000,000 Series A 4½% bonds, issued under this mortgage, were sold (V. 98, p. 124*); None of the Series B bonds are outstanding in hands of public; $4,494,000 have been nominally issued and are held by or for the company. In April 1922 $60,000,000 Series C 5% bonds were sold and a further $25,000,000 were sold in July 1922. V. 114, p. 1534; V. 115, p. 308.

NEW YORK CENTRAL LINES.—The N. Y. Central Lines equip. trusts cover engines, passenger cars and freight cars used by various lines of the system, which jointly and severally agree to pay prin. and int., the larger part being for N. Y. Central. V. 119, p. 2283.

NEW YORK CHICAGO AND ST. LOUIS RR. CO. (THE).—This company was formed in 1923 under laws of N. Y., Pa., Ohio, Ind. and Ill. as a consolidation of the New York Chicago & St. Louis RR., Chicago & State Line RR., Toledo St. Louis & Western RR., Lake Erie & Western RR. and Fort Wayne Cincinnati & Louisville RR. The consolidated company operates 1,695 miles of road, its main line extending from Buffalo through Cleveland to the three Mid-Western gateways at Chicago, Peoria and St. Louis. Its lines also reach Fort Wayne, Indianapolis, and the important Lake ports of Sandusky and Toledo and the company also owns half the capital stock of the Detroit & Toledo Shore Line Ry., connecting Toledo with Detroit.

The agreement and articles of consolidation were entered into by the directors of the constituent companies on Dec. 28 1922. Ratification by the stockholders, and compliances with the requirements of State statutes, were completed on April 11 1923, on which date the consolidation became effective. On June 18 1923 the I.-S. C. Commission issued a certificate of public convenience and necessity authorizing the acquisition, and operation in inter-State commerce, of the lines of railroad of the constituent companies by the consolidated corporation, and approved the necessary issue of securities.

The total capital stock of the consolidated company authorized by the agreement and articles of consolidation is $105,500,000, of which $45,880,000 is to be preferred stock and $59,620,000 is to be common stock. The amount of stock authorized by the I.-S. C. Commission to be presently issued in exchange for the stocks of the constituent companies is $78,967,900, of which $32,720,000 is preferred stock and $46,247,900 is common stock. On Dec. 31 1923 capital stock of the constituent companies amounting to $78,468,800 par value had been exchanged, par for par, for stock of this company, leaving a stock liability for conversion under the agreement and articles of consolidation of $499,100. A part of the stock which will be issued to discharge that liability will be contributed to the company pursuant to the agreement. Because of contributions by stockholders and other adjustments incident to the consolidation, the company holds in its treasury, out of the total of $78,468,800 issued and exchanged to Dec. 31 1923, fully paid preferred stock of the par value of $6,785,714 and fully paid common stock of the par value of $15,751,596. V. 116, p. 721.

Merger. V. 119, p. 1183.

Ross, Pres. of Detroit & Toledo Shore Line RR. Co.; F. D. Underwood, Pres. of Erie RR. Co.; and E. N. Brown, Chairman of the Board of Pere Marquette Ry. Co., and Messrs. O. P. Van Sweringen and M. J. Plan Approved by Director.—The directors of all the roads involved have formally approved the plan.

Provisions of Leases.—The new company will receive the entire gross income from all leased properties subject to the provisions of the leases. Each lease shall provide for the consolidation, merger, conveyance or unification in other manner of the properties of the lessor and lessee companies into one corporation for the ownership, management and operation of such properties, when authorized by the I.-S. C. Commission, whereupon the lease may be terminated. In the case of the New York Chicago & St. Louis RR. Co., the lease shall provide in substance that, if for any reason whatsoever the lease should be terminated, then the lessor on request of the lessee, either shall forthwith, for a nominal consideration, convey the fee of its leased properties to the lessee, subject to the approval of the conveyance at such time by the I.-S. C. Commission, or shall, at the option of the lessor, return the stock of the new company given in consideration of the lease, or the equivalent, at the time of the termination of the lease, of said stock, as provided in the lease. If for any reason whatsoever such conveyance should not be made at the time of the termination of the lease, the lessor shall in any event return said stock, or its said equivalent; but nothing herein shall be construed to limit or prevent the free use or disposition of said stock by the lessor.

Each lease, except that from the New York Chicago & St. Louis RR. Co., will obligate the new company to issue its stock, in exchange for stock of the lessor company, upon the bases set forth in the foregoing proposal, against surrender of such stock at any time within one year from the date of delivery of the lease.

DIVS.—On July 16 1923 paid 3% on new pref. stock and 3% on new common stock; Oct. 1 1923 to Jan. 2 1925 paid 1½% quar. on each class of stock.

A note in the amount of $17,000,000, dated Nov. 1 1920 and due March 1 1930, with interest at 6%, was given to the United States to refund indebtedness of the company incurred during the period of Federal control, and first & ref. mtge. bonds in the amount of $20,000,000 were deposited as collateral security therefor. A 6% collateral gold note for $4,290,000, due April 1 1925, was issued to the Director-General of Railroads during 1922, since reduced by paymentsto $4,000,000 and extended to Oct. 31 1930. The company also issued its notes, payable in 15 years from date, to the United States of the total amount of $8,130,000, with interest at 6% in return for a loan of that amount from the revolving fund created by the Transportation Act of 1920, and deposited its first & ref. mtge. bonds to the amount of $9,565,000 as collateral security.

Further loan under the revolving fund of $8,000,000 was certified bythe Inter-State Commerce Commission on Aug. 29 1921. Two ten-year notes in the respective amounts of $3,000,000 (dated Sept..15 1921) and $5,000,000 (dated Oct. 15 1921) were given to United States in return therefor. First & ref. mtge. bonds of Series "B" in the amount of $4,775,000 were pledged as collateral security for the $3,000,000 note, while certain stock and bonds of other carriers were deposited with the United States as security for the $5,000,000 note.

On Nov. 1 1921 a further loan of $400,000, covering equipment purchased under Trust "EE" was made and equipment trust notes Class "B," amounting to $400,000, and first and refunding mortgage bonds, Series "B," amounting to $660,000, deposited as collateral security. $200,000 of the above loan have since been paid off, releasing a corresponding amount of "E" trust certificates which were canceled.

On May 26 1922 a further loan of $500,000, covering equipment purchased under trust "E," was made and equipment notes Class "A," amounting to $400,000, deposited as collateral security. On Jan. 27 1923 a further loan of $500,000,covering equipment purchased under Trust "EE," was made and equipment notes Class "A" and "B", amounting to $600,000, deposited as collateral security. $100,000 of the above loan has since been paid off, releasing a corresponding amount of "EE" certificates which were canceled.

Series "C," aggregating $2,600,000, issued to secure loans from United States Government, to secure following notes: May 1 1922, $2,100,000 6%, due May 1 1932; June 1 1922, $300,000 6%, due June 1 1932; Jan. 1 1923, $200,000 6%, due Jan. 1 1933, on account of 10% installment European loan maturing April 1 1925.

A Government loan of $7,400,000 was authorized in June 1922. The first instalment of this loan, $2,000,000, was received Feb. 1 1923; the second of $2,000,000, April 2 1923; the third, of $1,500,000, March 6 1924; and $1,900,000 March 28 1924. These advances were principally for additions and betterments and maturing obligations.

BONDS.—The company has executed and delivered to the Bankers Trust Co., trustee, its first and ref. mtge. dated Dec. 9 1920. This is an open mortgage under which substantially all pre-existing obligations are equally secured with the $95,000,000 bonds authorized to be issued to the United States Government.

The aggregate principal amount of bonds which at any time may be issued and outstanding is limited to an amount which, together with all other then outstanding bonds, notes and other evidences of indebtedness, shall not exceed twice the amount of the then outstanding stock (now $157,117,900), plus premiums paid in thereon (to date $19,282,887 50), which at the present time would limit the amount to $352,801,575.

A total of not more than $95,000,000 of new bonds is authorized, of which not exceeding $80,000,000 Series "A" 6s, dated Nov. 1 1920 and due Oct. 31 1930, are authorized to refund company's indebtedness to United States Government incurred during period of Federal control; and not exceeding $15,000,000 Series "B" 6s, due Oct. 31 1935, are authorized to be issued for security to the United States for loans that may be made to the company for equipment and betterments (as of Dec. 31 1923 a total of $102,768,000) (Series A, B, C, D and E) had been issued and were owned or held as lessee by the company, of which $96,716,000 were pledged.

Bonds to the principal amount of $176,824,000 are reserved to refund debentures and underlying mortgage bonds. For further details, including list of obligations secured under this mortgage, compare V. 111, p. 2423, 2041, 1942.

In Feb 1907 145,000,000 francs ($29,000,000) 4% 15-year debentures with a fixed rate in marks and £ were sold: $23,223,126 outstanding. V. 84, p. 391, 450, 508, 804, 931. The dollar bonds are issued in exchange for the foregoing bonds $ for $, and are to be secured by any future mortgage on the main line between Woodlawn, N. Y., and Providence, and also Springfield, 235 miles, pro rata with any other bonds secured thereby. The company has executed its 1st & ref. mtge. dated Dec. 9 1920, and in accordance with the foregoing has expressly included these debentures under the terms and lien of the indenture. V. 103, p. 759. The company in a notice to the holders of the 4% debentures outlined a plan for extending these debentures, holders being paid 10% of the amount of their debentures in cash and payment of 90% being extended until April 1 1925 with interest at the rate of 7% p. a. The lien of 1st & ref. mtge. as security for these debentures will remain unimpaired.

The extended 90% of the franc debentures will be payable, at the option of the holders, in dollars in New York, viz., $86 85 per 450 francs. The extension plan was declared operative on May 13 1922. Compare V. 114, p. 1180, 1287, 1534, 1766, 2241; V. 115, p. 544.

Under the settlement, which received royal assent April 23 1918, the Province of B. C. had in Oct. 1918 acquired the entire share capital stock of the railway ($25,000,000), the Pacific Great Eastern Equipment Co. and the Pacific Great Eastern Development Co., and had exercised its option also on the lands and assets of the last-named, the promoters being released from their obligations. There has been no change in the bonded debt, the Province being fully liable for both principal and interest on bonds V. 107, p 1580, 1101, 182; V. 106, p. 929, 2123.

Its outstanding capital stock is $5,000,000, all of which, except directors' qualifying shares, is owned by the Pennsylvania RR. It has no bonds outstanding, but as of May 31 1923 its non-negotiable debt to affiliated companies amounted to $5,867,284, representing construction expenditures, chiefly moneys advanced by the Pennsylvania. Construction work was begun in 1917 and the line opened for passenger traffic on Jan. 1 1923 and for freight traffic on May 1 1923. The entire project, however, is not yet completed. The railroad of the company extends from a connection with the Pere Marquette Ry. at Carleton, Mich., in a northerly direction to a connection with the Wabash Ry. at Detroit, a distance of about 19.96 miles. It also owns certain extensions and branches in and near Detroit, Mich., having an aggregate length of about 8.98 miles. The total length of its owned railroad is about 28.95 miles. In addition it has trackage rights in and near Detroit over the Wabash, Pere Marquette and Fort Street Union Depot railways amounting to about 21.11 miles. It also has trackage rights over the Pere Marquette Ry. between Carleton, Mich., and Alexis Junction, O., a distance of about 25.33 miles. Between Alexis Junction, O., and Toledo, O., a distance of about 4.37 miles, it operates over the Ann Arbor RR. The total distance operated under trackage rights is about 50.81 miles.

The Inter-State Commerce Commission in Sept. 1923 approved the lease of the property to the Pennsylvania RR.

By the terms of the proposed lease (which runs for 999 years from June 1 1923) the Pennsylvania agrees to maintain and operate the leased railroad and to pay to the Detroit company, as rental, a sum equivalent to 5% per annum on the aggregate par value of the Detroit company's issued and outstanding capital stock, and such percentage as may be agreed to upon any additional capital stock that may be issued after Jan. 1 1923 by the Detroit company with the approval of the Pennsylvania. The Pennsylvania is also to pay all taxes as they shall accrue and a sum each year sufficient to pay all installments of interest and sinking funds when due and payable on its bonded and other indebtedness, as well as such sum as may be necessary to maintain the corporate organization of the Detroit Co.—(V. 117, p. 1556.)

PENNSYLVANIA OHIO & DETROIT RR.—The Michigan P. U. Commission has approved the consolidation of the Pennsylvania-Detroit RR., Cincinnati Lebanon & Northern RR., Cleveland Akron & Cincinnati Ry., Toledo Columbus & Ohio River RR., and the Manufacturers' Ry. of Toledo. The consolidated company will be known as the Pennsylvania Ohio & Detroit RR.

ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR. was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below, and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR., and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105, p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system will be divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions to be at Philadelphia, Pittsburgh, Chicago and St. Louis, to be known as the Eastern, Central, Northwestern and Southwestern regions. V. 110, p. 658.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1109. See V 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co. The right to mine coal, given by charter, is protected by State Const. of 1873 V. 82, p. 393.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads; (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of selling price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090, 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103, p 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

Third Modified Segregation Plan.

The company on May 10 1923 filed with the U. S. District Court for the Eastern District of Pennsylvania a third modified plan for the carrying out of the decision of the U. S. Supreme Court.

On Feb. 14 1921, in pursuance of the decree on mandate of the District Court entered Oct. 8 1920 (V. 111, p. 1473; V. 110, p. 1816, 2358, 2488) the Reading Co., the Philadelphia & Reading Ry. and the Philadelphia & Reading Coal & Iron Co. submitted a plan for the dissolution of the combination existing and maintained through the Reading Co. which had been declared to be illegal by the U. S. Supreme Court in its opinion rendered April 26 1920. On May 12 1921 the company submitted modifications of the plan (V. 112, p. 745) and on June 6 1921 the District Court entered its decree approving the modified plan (V. 112, p. 2306, 2538) as supplemented by the provisions of the decree. The U. S. Supreme Court in its opinion rendered May 29 1922 directed certain modifications of the decree and affirmed the decree with the modifications directed.

On June 30 1922 the District Court entered an order directing the defendants to submit to that Court for its consideration a plan for the modification of the decree of June 6 1921 to accord with the opinion of the U. S. Supreme Court. In pursuance of that order, on Jan. 30 1923 a second modified plan and supplement was submitted (V. 116, p. 479). Objections thereto were filed, among others, by a committee of the holders of the general mortgage bonds, and by the Central Union Trust Co., New York, as trustee of the general mortgage. The District Court set May 10 1923 for a hearing. To secure an adjustment of the issues raised by the objections, and with the assurance that if the same be approved by the Court it will be assented to by the bondholders' committee and the trustee, the Reading Co. and the coal company filed the following third modified plan:

1. No additional general mortgage bonds shall be authenticated except that, to refund underlying bonds and obligations [other than those mentioned in clause (a) of Section 5 below], additional general mortgage bonds may be issued to the trustee of the new mortgage of the Reading Co. [provided for in Section 10 below] and stamped to show that they represent obligations of the Reading Co.

2. After payment by the Reading Iron Co. to the Reading Co. of a div. or divs. of $6,000,000 in cash or marketable securities at market value, the Reading Co. will sell all its right, title and interest in and to the stock of the Iron Co., including the present right to vote and receive dividends thereon, to the Coal Co. for $8,000,000. The stock of the Iron Co. will, however, remain subject to the lien of the general mortgage but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.

3. The liability of the Reading Co. on the $94,627,000 gen. mtge. bonds outstanding on Nov. 30 1922 will be decreed to be two-thirds thereof and the liability of the Coal Co. thereon one-third thereof.

4. (Section 4 deals with sinking fund payments, for details of which compare plan published in full in V. 116, p. 2256.)

5. There are outstanding certain underlying bonds mentioned in the Gen. Mtge. These bonds include (*a*) $810,000 of the Phila. & Reading RR. Co. 10-year Sinking Fund Coll. Gold bonds of 1892, extended to Feb. 1 1932, which are secured by pledge of bonds of coal companies belonging to the Coal Co., were assumed by the Coal Co. in 1896 and are in effect guaranteed by the Reading Co.; (*b*) $5,766,717 of the Phila. & Reading RR. Co. 1st Series Consol. Mtge. bonds of 1882, extended to March 1 1937, which are secured by property of the Railroad Co. and of the Coal Co. and are in effect guaranteed by the Reading Co. and the Coal Co., and (*c*) certain other bonds which are not the obligation of the Coal Co. and are not secured upon any property of the Coal Co. The final decree will make provision so that the covenants of the companies in the Gen. Mtge. in respect of these underlying bonds shall bind only the Reading Co. in respect of the bonds described in (*b*) and (*c*) above and shall bind only the Coal Co. in respect of the bonds described in (*a*) above; and, as between the companies, the Coal Co. will remain ultimately liable on the bonds described in (*a*) above, and the Reading Co. will remain ultimately liable on the bonds described in (*b*) and (*c*) above.

6. (Section 6 deals with defaults, liens, &c., and is published in detail in V. 116, p. 479.)

7. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value. General releases of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged. The current indebtedness of the Reading Co. to the Coal Co. amounting to $2,500,000 will first be paid.

8. The Reading Co. will, subject to the lien of the Gen. Mtge. (but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.), sell, assign and transfer all its right, title and interest in and to the stock of the Coal Co. to a new corporation to be formed with appropriate powers, in consideration of the payment by the New Coal Co. to the Reading Co. of the sum of $5,600.000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided. The New Coal Co. will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the New Coal Co. to the stockholders of the Reading Co., preferred and common, share and share alike, for $5,600,000, or $2 00 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Reading Co., with the approval of the Court, to the end that the New Coal Co. shall receive the full purchase price of $5,600.000. This sale will be carried out by issuing to Reading stockholders assignable certificates of interest in stock of the New Coal Co., exchangeable for such stock only when accompanied by an affidavit that the holder is not an owner of any stock of the Reading Co., all in accordance with the decree of this Court entered June 6 1921.

9. The Reading Co. will merge the Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the Railway Co.'s property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

10. In order to compensate for any injury to the security which the modification of the terms of the gen. mtge. bonds and the general mortgage may cause, and to leave the Reading Co. properly financed to meet its obligations to the public, the Court will direct the Reading Co. and the Coal Co. to tender for acceptance by the bondholders the following proposals for the execution of new bonds and mortgage and the delivery of new bonds to holders of general mortgage bonds:

(a) The Reading Co. shall execute a new mortgage which will provide for the creation of a series of bonds to be known as Series A, to be limited to the aggregate principal amount of $63,084,666 2-3, and to be issuable only upon the surrender of general mortgage bonds as hereinafter provided Said bonds of Series A will bear interest at the rate of 4½% per annum, will mature Jan. 1 1997 and will be redeemable as a whole only at 105 and int on any int. day on 60 days' notice. The new mortgage will contain appropriate provisions for the creation and issue of additional series of bonds equally secured thereby bearing interest at such rates and maturing on such dates and otherwise in such form and containing such provisions as may be determined by the directors at the time of issue.

(b) The Coal Co. shall execute a new mortgage which will provide for an issue of bonds limited to the aggregate principal amount of $31,542,333 1-3, and to be issuable only upon the surrender of gen. mtge. bonds as hereinafter provided. Said bonds will bear interest at the rate of 5% per annum, will mature Jan. 1 1973, and will be redeemable as a whole, but not in part except for the sinking fund, at 105 and int. on any int. day on 60 days' notice.

(c) The Reading Co. and the Coal Co. shall offer to the holders of gen. mtge. bonds the right to surrender their bonds and receive in exchange therefor an equal aggregate principal amount of new bonds (with an adjustment of interest as of the date of the surrender of the gen. mtge. bonds for exchange) as follows:

Two-thirds of said principal amount in 4½% 74-year gen. (or, if and when practicable, *first*) & ref. mtge. gold bonds, Series A, of the Reading Co.

One-third thereof in 5% 50-year ref. mtge. sinking fund gold bonds of the Coal Co.

(d) The exchanged bonds will be pledged under the new mortgages. (For details, see V. 116, p. 2256.)

11. The Court will retain jurisdiction to supplement, modify, execute and enforce the third modification plan and the final decree.

Plan Approved by Court.—Judges Buffington, Davis and Thompson filed a final decree in the U. S. District Court June 28 1923 at Philadelphia, directing the dissolution of the Reading Co. and its subordinate concerns within six months.

The decree adopted the third modified segregation plan submitted May 10 1923.

The Department of Justice announced Aug. 27 1923 that the Government would not appeal from the Philadelphia Federal Court decree of June 28 1923.

The stockholders on Oct. 15 1923 authorized the officers and directors to do whatever may be necessary or expedient to carry into effect the plan. Compare V. 117, p. 1778.

ORGANIZATION.—Organized under laws of Kentucky.

As to disposal made by Union Pacific of its interests in company in 1913 under order of court, see V. 97, p. 50, 445, 667.

Suit by the Govt. to compel the company to dispose of its holdings in Central Pacific was decided against the Govt. in the lower court in March 1917; an appeal by the Govt. came up for hearing in the Supreme Court on April 17 1921, and, after full oral argument, was submitted on April 19 1921 and taken under advisement by the Court. On Jan. 9 1922 the Court ordered a re-argument of the case. On May 29 1922 the U. S. Supreme Court ordered the dissolution of ownership and control of the Central Pacific Ry. by the Southern Pacific Co. V. 107, p. 1542; V. 104, p. 1046; V. 107, p. 513; V. 114, p. 199, 2470, 2718; V. 115, p. 646, 1732. The company in Oct. 1922 filed an application with the I.-S. C. Commission asking authority to acquire control of the Central Pacific by lease and stock ownership, pending final determination by the Commission of a plan for consolidation of the railroads into a limited number of systems. This application was approved by the Commission upon certain conditions on Feb. 6 1923. Compare V. 116, p. 685, 2768; V. 117, p. 782. As to Union Pacific decision in 1912, see V. 97, p. 445, 667.

Oil land decision, V. 98, p. 1994; V. 99, p. 1461; V. 100, p. 399, 734, 2011; V. 103, p. 1221; V. 106, p. 2123; V. 107, p. 513; V. 109, p. 889, 1988, 2172; V. 110, p. 1090. Land grant suit, see Oregon & California and V. 103, p 1222; V. 104, p. 1703; V. 107, p. 513.

The directors on Dec. 1 1920 adopted a plan for the separation of the company's California oil properties and of its stock holdings in the Associated Oil Co. from its railroad properties, a new company, known as the Pacific Oil Co., being organized for this purpose. See Pacific Oil Co. under "Industrials."

On Jan. 1 1917 agreed to take part in building and then to operate the San Diego & Arizona Ry. (V. 104, p. 74), San Diego to Yuma, Cal., 220 miles and branches. V. 104, p. 74; V. 105, p. 2367; V. 107, p. 514.

In Dec. 1910 obtained additional concession from Guadalajara to Mexico City. V. 83, p. 1536; V. 84, p. 1141; V. 86 p. 350; V. 87, p. 414; V. 88, p. 303, 1622; V. 91, p. 1645, 1770. It was announced in March 1923 that work had been resumed on the Southern Pacific RR. of Mexico, which will connect the main line at Tucson with Mexico City by meeting the National Railways of Mexico at Orendian. All but 98 miles of the line were completed when revolutions interrupted in 1910. This gap is now to be bridged. The road is not expected to be completed before 1926. Northwestern Pacific RR. (jointly owned with Atchison), see that company.

The Southern Pacific Equipment Co. was incorp. in May 1920. V. 110, p 2293.

The I.-S. C. Commission in Sept. 1924 authorized the acquisition by the Southern Pacific Co. of control of the carriers comprising the El Paso & Southwestern System by stock ownership through purchase of the interest of the El Paso & Southwestern Co. therein and by lease. Also granted authority to the Southern Pacific Co. to issue not exceeding $28,000,000 common stock and not exceeding $29,400,000 5% 20-year collateral trust bonds in payment for the interest of the El Paso & Southwestern System in the Nacozari RR. New Securities to Be Issued under Plan.

(1) *General & Ref. Mtge. Bonds.*—Authorized issue not to exceed 1½ times the par amount of the capital stock from time to time issued. The mortgage securing these bonds shall be a lien, subject only to such of the existing liens as are not displaced (the aggregate of which will be approximately $17,000 per mile) upon all the railroads, property and franchises, and, subject to existing equipment trusts, upon all equipment now owned, with such exceptions and additions as the readjustment managers may deem wise. The lien of the mortgage shall also extend (subject to prior liens) to all properties hereafter acquired by the use of the new Gen. & Ref. Mtge. bonds or their proceeds. Such lien shall be in the form of a direct mortgage, but it may take the form of the pledge or assignment of securities of a corporation or corporations owning property to which the lien is intended to extend.

General & Ref. Mtge. bonds may be issued in separate series, maturing on the same or different dates, and bearing the same or different rates of interest, and any series may be made redeemable, in whole or in part, at times, on notice and at premiums, and may have such conversion privileges and other provisions as determined by the directors.

(2) *Notes to Director-General of Railroads.*—Such notes are to bear interest at the rate of 6% per annum and are to be issued to fund indebtedness of the receivers to the Director-General. They will mature Mar. 1 1930 and will be secured by pledge of $5,500,000 gen. & ref. mtge. Series "A" bonds. Amount to be issued, $4,400,000.

(3) *Unsecured Coupon Serial Notes.*—Unsecured coupon serial notes bearing interest at rate of 6% per annum are to be issued to the amount of the judgments on the unsecured notes of the Texas & Pacific and int. thereon to Jan. 1 1924. Such notes will be dated Jan. 1 1924, will mature in equal annual installments over a period of 10 years, beginning Jan. 1 1930, and will bear interest from Jan. 1 1924. Amount to be issued, $4,440,583.

(4) *New Preferred Stock.*—5% non-cumulative. In the event of the dissolution, winding up or liquidation otherwise of the company, holders of preferred stock shall be entitled to receive out of the assets of the company the par value of their shares before any distribution shall be made to the holders of the Common stock, but shall not be entitled as holders of such Pref. stock to share in any assets of the company thereupon remaining. Pref. stock red., all or part, on 30 days' notice at par and divs.

The Pref. stock and the Common stock are to have equal voting power and in addition provision is to be made that no mortgage to secure additional indebtedness shall be created (except the General & Ref. Mtge.) no obligations maturing more than two years after their date (except the notes provided for, the General & Ref. Mtge. bonds and equipment trust obligations) shall be issued, and no stock on a parity with, or having a priority, either as to dividends or assets, over the Pref. stock shall be issued without, in each such case, the consent of the holders of a majority of the outstanding Preferred stock.

The plan was declared operative in May 1924. V. 118, p. 2306.

Total mileage Dec. 31 1923, 1,046 miles. Crosses the mountains at maximum grade of 1%. Trackage agreement with Southern Pacific Co., V. 118, p. 1270.

In October 1917 arrangements had been made to give financial assistance to the following companies in the construction of their projected lines which will serve as feeders for the Western Pacific, the latter receiving in return for the investment a considerable interest in their capital stock: (1) Indian Valley RR., Paxton Junction to Taylorsville and Engles Copper Mine, Cal., 21 miles; (2) Deep Creek RR., Wendover, Utah, southerly into Gold Hill and Ferber Mining District, 46 miles; (3) in 1917 purchased $1,137,968 of the capital stock of the Tidewater Southern Ry., an electric railway, now 56 miles in length, extending from Stockton to beyond Turlock (see "Electric Railway Section"). Tentative valuation, V. 113, p. 1055.

ORGANIZATION.—Both the holding company (The Western Pacific RR. Corp., incorp. in Delaware), and the operating company (The Western Pacific RR., Co. incorp. in Calif.), were formed in June 1916 per reorganization plan of Western Pacific Ry. foreclosed. Possession taken July 13 1916. See plan, &c., V. 102, p. 155, 160, 2168, 2255; V. 103, p. 62, 240, 408; V. 104, p. 165, 258, 560. V. 103, p. 2080.

(the holding co. owning $47,437,500 of this $50,000,000 issue), and in Jan. 1918 obtained a judgment for $38,270,343. V. 106, p. 1797. The judgment was followed by a receivership for the D. & R. G. V. 106, p. 85, 192, 498; V. 107, p. 503. See Denver & Rio Grande RR.

In Sept. 1918, having realized to date about $7,771,395 on this judgment the Trustee made distribution of $150 per bond of old Western Pacific Ry., over 90% of these bonds being owned in the interest of the new Western Pacific RR. V. 107, p. 1102, 1187.

In June 1918 the equity in the $10,000,000 stock of Utah Fuel Co. owned by D. & R. G. (subject to collateral lien of $15,080,000 Rio Grande Western Ry. 1st Consol. 4s) was sold in partial satisfaction of above judgment and was bid in for the Western Pacific RR. Corp. for $4,000,000. On Aug. 16 1920 a further distribution at the rate of $40 on each $1,000 bond was made; in Dec. 1920, $32.50; in July 1921, $100; in Aug. 1921, $40, in April 1922, $25. V. 113, p. 732; V. 114, p. 1654.

The Denver & Rio Grande property was sold at public auction on Nov. 20 1920 for $5,000,000 to John F. Bowie of New York, representative of the Western Pacific RR. For litigation over sale, &c., see Denver & Rio Grande Western RR.

A Delaware charter was granted Nov. 15 1920 to the Denver & Rio Grande Western RR. with an authorized capital of $150,000,000, authorizing it to own and operate railroads and railways outside of Delaware. The company was formed for the purpose of taking over the Denver & Rio Grande RR. A plan of reorganization of the Denver & Rio Grande RR. was submitted in Feb. 1922, but was subsequently withdrawn. A receiver for the Denver & Rio Grande Western RR. was appointed in July 1922 and a reorganization plan dated June 15 1923 has been approved by the various committees and the directors of the Western Pacific RR. Corp. For details of plan, see Denver & Rio Grande Western RR.

BONDS.—The 1st M. bonds ($12,000,000 auth.) are convertible into pref. stock at par. Sinking fund, 3½% annually of all bonds issued; retired by sinking fund to June 30 1924, $5,306,000; conv. into pref. stock, $1,213,000. First ref. mtge. bonds are reserved to retire this issue. V. 87, p. 741, 814, 874; V. 92, p. 264, 324.

The $30,000,000 first ref. mtge. 7½s are secured by a mortgage on all real estate, plants and equipment, now owned or hereafter acquired, subject only to the first (closed) mortgage 5s, to retire which first refunding mtge. bonds are reserved. The mortgage will provide that the 1st mtge. 5% bonds shall not be extended, so that upon their payment, at or before maturity in 1928, the 1st ref. mtge. will become a first mtge. on all the properties. None of the subsidiary companies has any funded debt.

Future series may bear such rate of interest, mature at such times, be callable at such prices, have such convertible or tax provisions and be payable in such currencies and at such places as the directors may determine.

The total mortgage debt shall never exceed 75% of the value of the mortgaged property, based upon the book valuation June 30 1920, plus the cost or fair value (whichever may be the less) of property subsequently acquired subject to the mortgage.

The total combined net assets of the company and its subsidiaries, after deducting all liabilities except funded debt, shall equal at least 250% of the entire funded debt, including bonds proposed to be issued.

If the total combined current assets fall below 160% of total current liabilities, the company shall declare no further dividends upon its common stock until said ratio is restored; if below 160% it will default under mtge.

No further 1st refunding bonds shall be issued unless the average annual net earnings for the last three fiscal years, applicable to interest charges, shall be twice the annual interest charges on the funded debt outstanding, including the bonds proposed to be issued.

The bonds are callable all or part at 105 prior to Feb. 1 1926, during next 5 years at 103½; next 5 years at 102½; next 4 years at 101; last year at 100½.

Three per cent annually of total 1st ref. mtge. bonds, first payment Feb 1 1923, to be used for purchase or call and retirement of bonds sufficient to retire before maturity more than 50% of the amount of the present issue. In addition a sinking fund of $375,000 per year is operating to retire the first mtge. 5% bonds.

Recapitalization Plan.—The stockholders were to vote Nov. 25 1924:

(1) On reducing the authorized capital stock from $50,000,000 to $15,600,000 by reducing the par value of the Common stock from $100 to $30 per share, and by reducing the authorized preferred stock from $1,000,000 to $900,000 (the amount now outstanding), so that the authorized capital stock will consist of 9,000 shares of Preferred stock, par $100 each, and 490,000 shares of common stock, par $30 each.

(2) Change the provisions of the certificate of incorporation relating to the preferred stock so as to provide that the preferred stock shall be subject to redemption at the option of the corporation in whole or in part at any time upon at least 30 days' notice at $70 per share up to and including Dec. 31 1927, and thereafter at $100 per share, and any partial redemption shall be made pro rata from all of the holders of the preferred stock; that all preferred stock redeemed shall be cancelled and shall not be reissued; that no dividends shall be paid upon the Common stock prior to Dec. 31 1925 unless one-third of the authorized preferred stock shall have been redeemed, or shall be paid thereafter and prior to Dec. 31 1926, unless two-thirds of the authorized preferred stock shall have been redeemed or shall be paid after Dec. 31 1926, unless all of the authorized preferred stock shall have been redeemed; provide that the preferred stock shall be entitled to receive out of surplus profits dividends at the same rate as that paid on the common stock until dividends aggregating $7 per share shall have been paid or declared on both classes of stock during any one year; thereafter the preferred stock shall be entitled to receive one-fifth of any further distribution of surplus profits during that year, and the common stock shall be entitled to receive four-fifths thereof; that upon the liquidation of the corporation and the distribution of its assets, the preferred stock shall be entitled to receive an amount equal to the par value thereof before any distribution shall be made to the common stock, which shall be entitled to receive out of the assets then remaining $100 per share; after which the preferred stock shall be entitled to receive one-fifth of the assets, if any then remaining undistributed, and the Common stock shall be entitled to receive four-fifths thereof.

(3) If a reduction of capital is approved, as above set forth, then to change the authorized shares of common stock with par value into the same number of shares of common stock without par value, so that the authorized stock will consist of 499,000 shares divided into 9,000 shares of preferred stock having a par value of $100 each, and 490,000 shares of common stock without par value, such shares of common stock without par value to be exchanged, share for share, for par value common stock now outstanding.

An installment of $10, payable Oct. 15 1917, increased the total amount paid in to $60 per share; the final $40 was called for payment in 1919 as stated in first paragraph above. CALUMET & HECLA CONSOLIDATED COPPER CO.—The stockholders of the Calumet & Hecla, Osceola, Ahmeek, Centennial and Allouez mining companies on Sept. 7 1923 approved the plans for consolidating under this title (under the laws of Michigan) the five companies named.

A digest of the consolidation plan follows:

Capitalization.—The autn. capitalization of the new company is to be 2,500,000 shares, par $25, of which the new company will issue a total of 2,005,502 shares to the stockholders of the constituent companies; the remaining 494,498 shares are to be reserved for general corporate purposes.

Allotment.—The shares of the new company are alloted as follows:

	Total Shares Outstanding.	New Shares.
Ahmeek Co	200,000	536,000
Allouez Co	100,000	80,000
Calumet & Hecla Co	800,000	1,205,308
Centennial Copper Co	90,000	34 200
Osceola Consolidated Co	96,150	149,994
Total		2,005,502

The foregoing allotment to Calumet & Hecla does not include the new shares to which its stockholders are entitled on account of the shares of stock which it owns in the other four companies. The allotment to the other four companies represents the value of all their assets and includes the new shares (numbering 378,692) issuable on account of the shares of the stock of the four companies which Calumet & Hecla owns. Thus the total number of shares of the new company to be issued to Calumet & Hecla is 1,584,000 shares.

Rate of Exchange.—The following is the rate of exchange:

For Each Share of Stock of—	
Ahmeek Co	2 and 68-100ths shares
Allouez Co	80-100ths of a share
Calumet & Hecla Co	1 and 98-100ths shares
Centennial Copper Co	38-100ths of a share
Osceola Consolidated Co	1 and 56-100ths shares

As part of the plan and in addition to the shares of the new company the committee has determined that there should be paid to stockholders of Ahmeek $5 per share of stock of Ahmeek; to stockholders of Calumet & Hecla $1 25 per share of stock of that company and to stockholders of Osceola $1 per share of stock of that company; such payments to be made from the assets of said companies respectively and conditioned upon consummation of the consolidation. The payment to stockholders of Calumet & Hecla includes above-mentioned payments which it would receive on shares owned by it in the other two companies mentioned. Compare V. 117 p. 556, 1131, 1239.

STOCK.—Authorized, $50,000,000 7% cum. conv. pref. (par $100), and 1,600,000 shares common (including 500,000 shares reserved for conversion of pref. stock and sufficient shares for conversion of 7% debenture bonds; see below), no par. Pref. is redeemable at 120 and int. and is preferred as to assets and dividends. Convertible into common, share for share, at any time, at option of holder. V. 103, p. 64, 794.

The Common and Preferred stockholders of record Aug. 24 1922 were given the right to subscribe at par for $10,000,000 Eastern Cuba Corp. 15-year 7½% Mortgage Sinking Fund gold bonds. The issue will be guaranteed, principal and interest, by the Cuba Cane Sugar Corp. and will be convertible for the life of the bond into Cuba Cane Sugar Corp. Common stock at $20 per share. V. 115, p. 650.

BONDS, &c.—The $25,000,000 10-year 7% debentures (offered in Jan. 1920 at 100 & int.) are convertible at any time into common stock at $45.8823 per share. Redeemable on 60 days' notice at 107½ during the first 5 years, 105 during the sixth year, 104 during the seventh year, 103 during the eighth year, 102 during the ninth year, and 101 thereafter. No mortgage may be created while any of these debentures are outstanding except purchase money mortgages. V. 109, p. 2174; V. 110, p. 363.

In Sept. 1921 the company announced that it had arranged with a group of bankers to secure at once a loan of $10,000,000 under an arrangement which required the subordination of the $25,000,000 7% Convertible Debentures to the new money for the period of the loan and of any renewals, substitutions or refundings thereof. As a consideration therefor, the company offered to increase the rate of interest on assenting debentures from 7 to 8% per annum from July 1 1921 to the maturity of the debentures. The plan was declared operative on Oct. 31 1921. On Sept. 29 1923 it was announced that the loan had been paid off and the subordination of the 8% debentures had been terminated. The 8% debentures therefore now enjoy the same position in point of security as the 7% debentures, but they will continue until maturity (Jan. 1 1930) to bear interest at the rate of 8% per ann. instead of 7%. V. 113, p. 1475, 1986; V. 115, p. 2682; V. 117, p. 1560.

The Eastern Cuba Sugar Corp. 7½% mortgage bonds are guaranteed, prin. and int., by Cuba Cane Sugar Corp. and are convertible for the life of the bonds into Cuba Cane Sugar Corp. common stock at $20 per share. Sinking fund will retire annually for five years, beginning in 1925, 3%, and thereafter annually 5% of the maximum amount of bonds at any one time outstanding; redeemable at any time after one year, all or part, on 60 days' notice at a premium of 7½% if redeemed on or before Sept. 1 1924; if redeemed thereafter and on or before Sept. 1 1934, the premium shall decrease ½ of 1% for each year or fraction thereof elapsed from Sept. 1 1924 to date

Managers Securities Co.—Pres. Alfred P. Sloan, Jr., on Oct. 29 1923 announced that the directors had worked out a plan under which about 70% of the principal executives of General Motors will be given an opportunity to acquire a substantial stock interest in the corporation. The plan is briefly summarized as follows:

(1) General Motors Corp. will cause the Managers Securities Co. to be organized in Delaware with a capital of $28,800,000 of 7% cumul. non-voting con. pref. stock, $4,000,000 Class A stock and $1,000,000 Class B stock.

(2) General Motors Corp. will subscribe for all of the Class A and Class B stock, paying therefor $5,000,000 in cash, and will enter into a contract with the Managers Securities Co. agreeing to pay to it for each year from 1923 to 1930, both inclusive, 5% of its net earnings in excess of 7% on the capital employed. On Jan. 1 of each year it will advance $2,000,000 to the Managers Securities Co. on account of amount due under this contract, or as a loan, or both, as more fully recited in the plan.

(3) The Managers Securities Co. will offer to purchase as of Oct. 15 1923, the equivalent of 2,250,000 shares of General Motors Corp. com. stock at $15 per share, aggregating a total purchase price of $33,750,000, payable $4,950,000 in cash and $28,800,000 in its 7% cumul. non-voting conv. pref. stock; this is at the rate of $2 20 in cash and $12 80 in 7% pref. stock for each share of General Motors Corp. common stock purchased.

(4) A special committee of the directors will select a list of managers (including directors who are occupying managerial positions) to whom the General Motors Corp. will sell at cost the Class A and Class B stocks of the Managers Securities Co. theretofore purchased. Sales so made to these managers will be secured by an agreement under which the General Motors Corp. shall have the right to repurchase said stock under the terms and conditions recited in the plan.

Each common stockholder is given the right to supply common stock for the purposes of this plan up to 10% of his total common stock holdings, to be paid for at the rate of $2 20 in cash and $12 80 in 7% cumul. non-voting conv. pref. stock of the Managers Securities Co. for each share of General Motors Corp. common stock supplied.

(For further details of plan, compare V. 117, p. 1998.)

CONTROL.—On Dec. 31 1923 E. I. du Pont de Nemours & Co. owned $55,589,106 stock of the General Motors Securities Co. (formerly Du Pont Amer. Industries, Inc.), representing 70% interest in 7,500,000 shars ofe General Motors Corp. common stock; also owned $28,800,000 preferred stock of Managers Securities Co. V. 118, p. 659.

Exchange of Stock.—The stockholders voted June 16 1924 to amend the articles of incorporation so as to provide for one class of preferred stock and reduce the number of common shares as follows:

The plan contemplates a new issue of no par value common stock, which will be exchanged for present common shares on the basis of one share of new for four shares of present common. The three issues of senior securities will be consolidated into one issue of 7% preferred stock (redeemable at $125 per share), which stock shall enjoy a prior preference over all present issues on the entire assets after the debts of the corporation.

The holder of present 6% debenture and 6% preferred stocks shall be given the right to exchange their stocks for this new 7% preferred stock, share for share, on the payment of $10 in cash. Compare V. 118, p. 2443.

CAPITAL STOCK.—The stockholders on June 16 1924 adopted the charter amendments proposed by the directors for the purpose of simplifying the capital structure of the corporation.

These amendments provided for the consolidation of the three issues of senior securities into one issue of 7% pref. stock, which will constitute a prior preference on the entire assets after debts of the corporation.

Holders of the outstanding 6% pref. stock and 6% debenture stock are accorded the right, upon payment of $10 per share, to exchange their shares for a like number of shares of the new 7% pref stock. Exchanges must be made on or before Dec. 31 1924.

Holders of the outstanding 7% debenture stock were notified to send in their 7% debenture certificates to the stock transfer office of the corporation for exchange into 7% pref. certificates, which were to be ready for delivery on July 1 1924.

The charter amendments also provided for the exchange of the outstanding common shares for new common shares on the basis of one new common share for each 4 shares of common stock outstanding, thus reducing the 20,646,400 common shares outstanding to 5,161,600 shares.

GRAY & DAVIS, INC.—Incorporated under laws of Massachusetts on Mar. 27 1912, to take over by the issue of stock the assets, liabilities and business of Gray & Davis, a copartnership organized Sept. 16 1896. Principal business is the manufacture of starting-lighting systems and lamp equipment for automobiles, and also manufactures a large number of component parts which go into the starters installed by other companies.

The stockholders in Aug. 1920 approved a contract, which runs to Jan. 1 1936, by which American Bosch Magneto Corp. became exclusive selling agent for the starting and lighting products and assumed management of the company. V. 111, p. 696.

Merger.—The stockholders in Oct. 1924 approved a plan to merge with the American Bosch Magneto Corp.

The plan provides that Gray & Davis common stockholders receive one share of American Bosch Magneto stock for each 7½ shares of Gray & Davis and 3¼ shares of American Bosch stock for each share of Gray & Davis preferred.

Gray & Davis stockholders are given two options: (*a*) To receive in liquidation 8 shares American Bosch Magneto stock for each 60 shares of Gray & Davis; or (*b*) to receive in liquidation 19 shares of American Bosch Magneto stock for $350 cash and 60 shares Gray & Davis common. The second option expired Oct. 15 1924.

Upon the completion of the above steps the present Gray & Davis Inc. will be dissolved. A new company (Gray & Davis Corp.) has been organized which will take over the entire assets of Gray & Davis Inc. and assume all its liabilities, including the $1,000,000 1st mtge. convertible bonds of Gray & Davis Inc. The new company will issue 134,182 shares of capital stock without par value, being its entire authorized capital stock, other than stock reserved to cover conversion of the above mentioned bonds. The Amer. Bosch Magneto Corp. will issue to Gray & Davis Inc. 42,266 shares of its capital stock of the same class as at present outstanding.

The new company will enter into an 8 year operation contract with American Bosch Magneto Corp., which will provide substantially that the new company will operate its plant when and to the extent and on such products as the Bosch corporation may determine, and will sell its products to the latter exclusively at a price which will cover its entire cost of operation of every name and nature and in addition an annual charge of $180,000. This sum will be sufficient to retire all said bonds in approximately 7 years.

CAPITAL STOCK.—The authorized common stock was increased from 108,904 to 138,904 shares ($25 par) in July 1920, the Amer. Bosch Magneto Corp. interests receiving an option on the additional 30,000 shares. V. 111, p. 593

The stockholders on April 7 1921 voted (*a*) to change the par value from $25 to shares of no par value; (*b*) and to issue all or any part of the authorized and unissued capital stock consisting of 30,000 shares of no par value, at $25 per share in cash to persons entitled to subscribe for the same under an option agreement of Aug. 4 1920.

Holders of common stock of record Aug. 22 1922 were offered the right to subscribe at par to preferred stock (par $100) represented by voting trust certificates to the extent of 7500-16182 of a share for each share held.

DIVIDENDS.—On preferred, in full to date. On common stock as follows: Apr. 14 1913, 5%; July 15 1913, 30%; Mar. 24 1916, 25%; Mar. 1 1920, 2%; none since.

BONDS.—The 1st mtge. 7% bonds are convertible at the option of the holder into common stock on or before Aug. 1 1924 on the basis of par for the bonds and $20 per share for the stock. Thereafter the conversion price will increase $2 per share per annum to Aug. 1 1928, after which time the conversion price of $30 per share will be maintained to maturity. V. 115, p. 766.

Readjustment Plan.—The stockholders on Oct. 3 1923 approved a plan for the readjustment of the debt and capitalization of the corporation. The plan in brief provided as follows:

The capital stock was reclassified so as to consist of $10,000,000 of prior preference cumulative 7% preferred stock and 450,000 shares of common stock, of no par value.

Holders of the old preferred stock received 1½ shares of new common stock of no par value for each share of preferred stock held, in lieu of the share so held, and of the accumulated dividends thereon. Holders of common stock received one share of new stock of no par value for each six shares of old common stock.

A new issue of $10,000,000 of prior preference stock was underwritten at 90, carrying with it for each share of prior preference stock so underwritten 2¼ shares of the new non-par value common stock. This prior preference stock, together with the accompanying common stock, was offered pro rata to the stockholders on identically the same terms as the banks had underwritten it.

Accordingly, rights were issued to the old preferred stockholders, entitling each preferred stockholder to subscribe for his proportionate share of the $10,000,000 prior preference stock, together with the 245,000 shares of common stock.

Under the plan the maturity of the bonds was extended from May 1 1932 to May 1 1942; the annual sinking fund payments postponed until May 1 1929, unless a dividend is paid on common stock (see V. 117, p. 1241), and the mortgage closed at $10,000,000, leaving in the treasury of the company $1,771,700 of bonds available for future corporate purposes. (Compare V. 117, p. 1241, 1669, 1783.)

INTERNATIONAL HARVESTER CO.—Originally incorporated in N. J. on Aug. 12 1902 and acquired five concerns manufacturing agricultural machines: Deering Harvester Co., McCormick Harvesting Machine Co., &c. Also has timber lands, coal, ore, blast furnace and steel properties. See full description of plants, organization, &c., in Oct. 1918, V. 107, p. 1574, 1575; V. 108, p. 2038; V. 85, p. 104. Canadian Co., V. 108, p. 385. In 1919 acquired Chattanooga Plow Co. and Parlin & Orendorff Co. of Canton, Ill. V. 108, p. 2437. In June 1920 acquired the Richmond (Ind.) plant of the American Seeding Machine Co., V. 110, p. 2662. The International Harvester Co. of Argentina (a subsidiary) was incorporated in Delaware Sept. 29 1924 with a stated capital of $5,000,000.

Plants are located at Chicago, Ill.; Milwaukee, Wis.; Akron, Ohio; Auburn N. Y.; Chattanooga, Tenn.; Ft. Wayne, Ind.; Canton, Ill.; New Orleans, La.; Richmond, Ind.; Rock Falls, Ill.; Springfield, O.; Chatham, Ont.; Hamilton, Ont.; Croix, France; (near) Moscow, Russia; Neuss, Germany, and Norrkoping, Sweden. Manufactures binders, reapers, harvester threshers, mowers, rakes, hay stackers, corn machines, ensilage cutters, potato diggers, culti-packers, engines, cream separators, tractors, commercial cars, motor trucks, tillage implements, plows, cane mills, evaporators and kettles, listers, beet pullers, cultivators, corn planters, seeding machines, &c.

The U. S. Govt. through Attorney-General Daugherty on July 17 1923 filed a petition in the Federal District Court at St. Paul, Minn., demanding that the International Harvester Co. be separated into three independent corporations, with different stockholders, owners and officials, as suggested by the Federal Trade Commission in its report to the U. S. Senate in 1920 (V. 111, p. 1088).

The action was taken, the Att'y-Gen. stated in his petition, because the original decree dissolving the Harvester company which was entered Nov. 2 1918 (V. 107, p. 608, 699) was inadequate to achieve its purpose, viz. "To restore competitive conditions in the United States in the inter-State business in harvesting machines and other agricultural implements."

The Att'y-Gen. asks the Court to decree that the company is "still a combination in restraint of inter-State trade and commerce, and still is monopolizing and attempting to monopolize said trade and commerce in violation of the Sherman Anti-Trust Law, and contrary to several opinions, orders and decrees of this Court." Compare V. 117, p. 282, 1561; V. 118, p. 1672; V. 119, p. 1741.

The Government on Oct. 23 1924 filed in the Federal Court at St. Paul a brief in the foregoing proceedings asking that the consent decree of 1918 be reversed or "effective dissolution" ordered. Compare V. 119, p. 1962.

STOCK.—Rights of stock, see application to list. V. 107, p. 1574.

The stockholders on July 29 1920 ratified the proposal increasing the authorized Pref. stock from $60,000,000 to $100,000,000 and the Common stock from $80,000,000 to $130,000,000. The plan provided: (a) that $20,000,000 of the new Common and $40,000,000 of the Pref. stock be set aside for employees under the stock ownership and profit-sharing plan (b) that $10,000,000 of the new Common will be used for the payment of 12½% stock dividend on the Common and (c) the balance, $20,000,000, will be available for the payment of 2% semi-annual stock dividends on the Common stock, the same to be declared on the first days of Jan. and July of each year if the directors so decide. V 111, p. 498, 697.

DIVIDENDS.—Regular dividends at rate of 7% per annum were paid on the pref. stocks of the International Harvester Co. of N. J. and Int. Harvester Corp. Dividends at rate of 5% per annum were paid on Inter. Harvester Co. of N. J. common stock from 1913 to 1916; 7% in 1917 (5% and 2% extra) and two dividends of 1¼% each were paid on April 15 and July 15 1918, respectively. No dividends had been paid on the common stock of the Inter. Harvester Corp. since July 15 1914 owing to European war.

The consolidated company paid its initial dividend on common stock 1¼% Oct. 25 1918 Jan. 1919 to April 1920, 1½% quar., July 1920, 1¾%; Sept. 1920, 12½% in com. stock; Oct. 1920, 1¾%; Jan. 1921, 1¾% and 2% in com. stock; April 1921, 1¾%; July 1921, 1¾% in cash and 2% in stock (V. 112, p. 2418); Oct. 1921, 1¾%; Jan. 1922, 1¾% in cash and 2% in common stock; Apr. 1922, 1¾%; July 1922, 1¾% in cash and 2% in common stock; Oct. 1922, 1¾%; Jan. 1923, 1¾% in cash and 2% in common stock; April 1923 to Oct. 1924 paid 1¼% quar. in cash.

OHIO BODY & BLOWER CO. (THE).—Organized in Ohio, Nov. 19 1919, and acquired the property, &c. of The Ohio Blower Co., an Ohio corp. Principal business is the manufacture of automobile bodies. Plant located at Cleveland, Ohio.

Reorganization Plan.

The stockholders on Nov. 14 1924 approved a plan of reorganization which provides as follows:

Transfer of Permanent Assets to Subsidiary.—It is proposed that the present company transfer to the Ohio Body Co. (its 100% owned subsidiary now engaged in the manufacture and marketing of Ford master bodies solely), all of its current assets, its loose and movable tools, and certain other miscellaneous investments and assets (not including the stock in the Swartwout Co.), together with about $70,000 of the new cash, and assume the current bank debt of the Onio Body Co. in the amount of $275,000. In return for this the Ohio Body Co. will assume the current liabilities and commitments of the present company, with the exception of $1,865,000 (the old bank debts) and the land contract.

Present Company to Sell Other Assets to New Company.—The Ohio Body & Blower Co. then proposes to sell to a new company to be formed, namely, *Ohio Body & Blower Co., Inc.*, the land, buildings, machinery and equipment, together with its holdings in the Swartwout Co., which company purchased the ventilator and general lines business of the Ohio Body & Blower Co. Dec. 31 1922, and the entire capital stock of the Ohio Body Co., for the consideration of $2,565,000 of Class "A," Class "B" and Class "C" debentures of the new company; Class "A" bearing interest at the rate of 6% and Class "B" and "C" at the rate of 7%, the interest on Class "B" and "C" to start two years from Oct. 1 1924, together with 110,254 shares of the no par value common stock of the new Ohio Body & Blower Co., Inc.

Proceeds of Securities of New Company to Liquidate Debts.—With these securities, or the proceeds of sale thereof, the present the Ohio Body & Blower Co. proposes to take up its land contract, pay the current bank indebtedness of the $275,000, pay about $70,000 to the Ohio Body Co. and pay the $1,865,000 of the old bank indebtedness of the Ohio Body & Blower Co. To that end the banks have agreed to take the Class "A," Class "B" and Class "C" debentures, together with 100,000 shares of no par value common stock of the new company, and to pay therefor $700,000 in cash and cancel the bank indebtedness of $1,865,000.

New Company to Be Holding Company.—The proposed new Ohio Body & Blower Co., Inc., will then be a holding company, having the fee to the land, buildings, machinery, equipment, investment in the Swartwout Co. and the entire capital stock of the Ohio Body Co., which company will function as the operating company.

Capitalization of New Company.—The holding company will have the following outstanding securities and capitalization:

Class "A" debentures, bearing interest at 6% from Oct. 1 1924 and having priority as to interest, and in case of liquidation as to principal, over all other classes of security issued	$700,000
Class "B" debentures, bearing interest at 7% from Oct. 1 1926	1,665,000
Class "C" debentures, bearing interest at 7% from Oct. 1 1926	200,000
Common stock (no par value)	110,254 shs.

Present Stockholders to Participate in Reorganization.—The further definite agreement has been obtained from the banks and bankers to allow the present stockholders to participate in the recapitalization of the company by offering to the present stockholders of the Ohio Body & Blower Co. the 6% Class "A" debentures at par and interest, and the banks and bankers have further agreed subject to the approval of the Division of Securities of Ohio, to give the stockholders purchasing such Class "A" debentures the common stock of the new Ohio Body & Blower Co., Inc., as a bonus on the basis of one share of the stock for each $7 par value of Class "A" gold debentures purchased.

New Company to Lease Property to Operating Company.—The new holding company will lease to its 100% subsidiary, the Ohio Body Co., then the operating company, the land, buildings, machinery, equipment, &c., for such a rental as will pay the interest and other obligations of the holding company.

MThe fact of the ownership by the holding company of 100% of the capital stock of the Ohio Body Co., its operating company, permits the full share of the earnings of the operating company becoming available for the securities of the new company.

Balance of Stock to Be Used as Liquidating Dividend.—The balance of the outstanding capital stock of the new Ohio Body & Blower Co., Inc., amounting to 10,254 shares, remaining after satisfaction of the present the Ohio Body & Blower Co.'s indebtedness, will then be left available for a liquidating dividend to the present stockholders of the present the Ohio Body & Blower Co. on the basis of one share of the new stock for each ten of the old.

Two Courses Open to Stockholders.—Assuming the success of this plan, there are two courses open to the stockholders of the present company, the Ohio Body & Blower Co.:

(1) To purchase the new Class "A" gold debentures at par and interest, receiving one share of the new common capital stock as a bonus with every $7 par value of debentures purchased, plus one-tenth of a share of the new no par value common capital stock in exchange for each share of the present stock. (2) In case of non-purchase, to receive one-tenth of a share of the new common capital stock for each share of the present stock.

DIVS.—Initial div. of 62½ cents per share on new stock was paid Apr. 10 1920; same amount paid in July and Oct. 1920; none since.

PACIFIC MILLS.—(V. 119, p. 2418.)

PACIFIC OIL CO.—Incorp. in Dela. Dec. 3 1920 with a capital stock of 3,500,000 shares of no par value, which the Southern Pacific Company subscribed for at $15 per share, or $52,500,000. From the amount so realized the new company purchased from the Southern Pacific Land Co., as of Jan. 1 1921, for $43,750,000:

(a) About 259,000 acres of land situate in the State of California, of which about 25,000 acres are proven oil lands and the remainder lands theretofore withdrawn from sale by the Land Co. as possible oil lands, together with existing field improvements, materials and supplies;

(b) 200,690 shares, par value $20,069,000, representing 50.48% of the outstanding capital stock of the Associated Oil Co. (Compare V. 112, p. 650).

By the sale of these properties the Southern Pacific Land Co., the entire capital stock of which is owned by the Southern Pacific Co. received $43,750,000 in cash and the Pacific Oil Co. retained $8,750,000 as working capital.

On Dec. 31 1923 the company owned $30,739,110 of the capital stock of Associated Oil Co., equivalent to 54.89% of the aggregate $56,000,000 issued and outstanding, or substantially 58% of $52,999,400 balance of stock in hands of public after deducting $3,000,600 stock in Associated Oil Co.'s treasury. Also owns a third interest (35,000 shares of stock) in the Associated Pipe Line Co., the other owners being Associated Oil Co. and Southern Pacific Co., each of whom also has a third interest.

There were 595 wells in operation on Dec. 31 1923; 13 new wells were being drilled and 14 wells were being redrilled on that date. Chiefly due to curtailment of production activities, 364 wells were inoperative on Dec. 31 1923.

Contract with Southern Pacific Co. for supply of fuel oil has been suspended owing to possible conflict with prohibitions of Clayton Act. Meanwhile, Southern Pacific Co. is purchasing its fuel oil requirements from Pacific Oil Co. at market prices after competitive bidding.

Holders of the capital stock of the Southern Pacific Company, at the close of business on Jan. 14 1921 were given the right to purchase at $15 per share one share of stock of the new company for each share of Southern Pacific Co. stock so held.

PHILADELPHIA AND READING COAL AND IRON CORP.—This company, incorp. in Delaware Dec. 20 1923, was formed in accordance with the final decree in the Govt. suit against the Reading Co. The latter sold to the new company all its right, title and interest in the capital stock of the Philadelphia & Reading Coal & Iron Co., subject to the lien of the general mortgage of Reading Co. and the Philadelphia & Reading Coal & Iron Co. (as modified by the final decree) for the sum of $5,600,000.

Philadelphia & Reading Coal & Iron Corp., pursuant to the final decree and the order modifying the final decree entered by the District Court on Dec. 4 1923, will issue from time to time 1,400,000 shares of stock without par value, being its entire authorized capital stock, to Wilmington Trust Co. of Wilmington, Del. (the trustee) as trustee under a trust agreement dated Dec. 28 1923 between Philadelphia & Reading Coal & Iron Corp., Reading Co., Newton H. Fairbanks and Joseph B. McCall as trustees, and Wilmington Trust Co. as trustee. The trustee will issue certificates of interest in said stock and each certificate of interest will entitle the registered owner thereof, or his assigns, upon surrender thereof accompanied by an affidavit in substantially the form required by the final decree (to the effect, in substance, that the applicant does not own any shares of the capital stock of Reading Co. and is acting in his own behalf in good faith) to receive a stock certificate for the number of shares of the capital stock without nominal or par value of Philadelphia & Reading Coal & Iron Corp. represented by such certificate of interest, together with all dividends (but without interest thereon) collected by the trustee in respect of said shares of stock after the date of such certificate of interest and prior to such exchange, and a dividend order or assignment for any dividends declared but not then payable in respect of said shares.

All the certificates of interest will be dated Jan. 2 1924, except as otherwise provided in the trust agreement in case of the declaration of dividends by Philadelphia & Reading Coal & Iron Corp. prior to the issue of all of its authorized 1,400,000 shares of capital stock.

Pending the exchange of certificates of interest for shares of stock, the trustee will deliver proxies for voting all the shares of stock held by it to Newton H. Fairbanks and Joseph B. McCall, individual trustees appointed by the District Court for the purpose, and will hold all dividends payable in respect of the shares of stock held by it until paid over to the owners of the respective certificates of interest upon exchange thereof for shares of stock as aforesaid. If at any time after July 1 1926 any of the certificates of interest shall remain outstanding, the final decree provides that the Court in its discretion, after a hearing upon such notice to holders of certificates of interest as it may direct, may order the shares of stock of Philadelphia & Reading Coal & Iron Corp. represented by said certificates of interest to be sold and the proceeds distributed to the registered owners of such certificates of interest.

ROYAL DUTCH CO.—ORGANIZATION.—Incorp. in The Hague Holland, in 1890, with a capital of 1,300,000 florins ($522,600). Through its subsidiaries it is now the largest international producer and distributor of mineral oil and its by-products in Europe. V. 107, p. 2243. **Started as a local enterprise of the Dutch East Indies. After 1900 developed rapidly. In 1902 entered the international field and in conjunction with the "Shell" Transport & Trading Co. of London (which see) and the de Rothschild (Paris) group, founded the Asiatic Petroleum Co. as a distributing concern. Subsequently absorbed the principal other oil producing enterprises in Dutch East Indies and amalgamated its interests with those of the "Shell," the combined assets of both being turned over to two new companies, viz., the "Bataafsche Petroleum Co. and the Anglo-Saxon Petroleum Co. The "Royal Dutch" holds 60% in these two concerns (the "Shell" 40%); also 12½% of the outstanding ordinary "Shell" shares. The two interests so combined have since then acquired exclusive or controlling interests in important oil fields in Rumania, Russia, Egypt, the United States (Oklahoma and California), Panama, Venezuela and Mexico.**

Company's shareholdings at Dec. 31 1923, V. 119, p. 453.

AMERICAN INTERESTS.—The combination owns a predominating interest in the Shell Co. of California. V. 109, p. 377. Also owns $2,247,000 Ordinary shares and $840,000 Preference shares of the Roxana Petroleum Corp. of Virginia and $179,760 Ordinary shares of the Ozark Pipe Line Corp. The "Roxana" owns fields in the well-known oil districts of Cushing, Healdton and Bartelsville. Also constructed a large refinery in St. Louis and one at New Orleans. At Martinez, on the Pacific Coast near San Francisco, a refinery capable of handling 25,000 bbls. a day and storage facilities at Martinez and on the fields for 4,250,000 bbls. have been established, as well as an 8-inch pipe line 170 miles long from the field to the refinery. In Mexico the allied companies, besides owning other valuable property, control the Mexican Eagle Oil Co., Ltd. Has also established large storage facilities and a refinery of exceptionally great capacity in Curacao, West Indies, in the immediate vicinity of the Panama Canal.

In Nov. 1921, a plan was formulated for the merger of the company's "American interests" with the Union Oil Co. of Dela., for details of which see statement of Shell Union Oil Corp. below.

SHARES.—The com. shares have a par value of Fl.1,000 (say $402) each, but the company issues sub-shares of Fl.100 (say $40 20) each. For trading purposes here, Dutch shares of 100 Florin par value were deposited with the Equitable Trust Co., N. Y., against which were issued three certificates for each share deposited. This gives a nominal par value of $13.40 to each "American certificate."

In Aug. 1918 the South American and Australian properties were organized as Compania Swift Internacional Ltd. under the laws of the Argentine Republic, with a stock of $22,500,000 Argentine gold, divided into 1,500,000 shares of $15 each, all one class, fully paid and non-assessable, all outstanding. Each stockholder of Swift & Co. of record Aug. 31 1918 was given until Oct. 15 the opportunity of exchanging 15% of his holdings in Swift & Co. at par for equivalent amount of capital stock in Internacional at par, evidenced by the First Trust of Chicago certificates of deposit. The company by thus exchanging $22,500,000 of stocks in foreign subsidiaries for equal amount of stock of Swift & Co. obtained the latter as a quick asset, since sold (see below) for requirements of business. V. 107, p. 701, 910.

Dividends paid by Swift International: No. 1, Feb. 20 1919, 8%; then to Feb. 21 1922, 8% semi-annually; Aug. 15 1922 to Aug. 15 1924, 6% semi-annually. Swift International annual report for 1923 in V. 118, p. 2053.

The aforesaid exchange in Oct. 1918 had reduced the outstanding capital stock to $127,500,000 when the holders of record Oct. 26 were offered until and incl. Nov. 30 the further option of exchanging one-tenth of their ($100) shares for an equal par value in the $10 shares of the $12,750,000 stock of Libby, McNeill & Libby (canners), held in Swift & Co.'s treasury This further reduced the stock to about $114,750,000. In Aug. 1919 the National Leather Co. was incorporated in Maine with $30,000,000 of authorized capital stock in shares of $10 each, to take over the company's tanning and leather interests, &c. Swift shareholders of record Sept. 10 1919 were allowed to subscribe at par in cash for two of the $10 shares for each $100 share held in Swift & Co. V. 109, p. 782. For Nat. Leather Co. refinancing plan, compare V. 113, p. 2191.

The "Big Five" Packers, in Dec. 1919 agreed to the entering of a decree in the Government suit requiring them within two years to give up their stock yards and other outside interests (except their handling of eggs, butter, poultry and cheese, which is left for future consideration) and in general to confine their operations to the wholesale meat business.—V. 109, p. 2363

Justice Stafford in the District of Columbia Supreme Court on April 12 1921 approved a new plan under which Swift & Co. and Armour & Co. are to divest themselves of their interests in stockyards and stockyard terminals railroads in accordance with the Government decree. The plan was agreed to by the Department of Justice.

The packers were to deposit their stock in the yards and terminals with the Illinois Trust & Savings Bank, Chicago, within 30 days, for administration by two trustees, Henry W. Anderson, Richmond, Va., and George Sutherland, Salt Lake City, Utah, until sold, which must be within one year In Oct. 1922 Geo. Sutherland resigned and Hy. W. Anderson is now sole trustee. (The time limit has been extended until Jan. 12 1925; V. 117, p. 2899.) For further details, including list of properties to be sold, compare V. 112, p. 1626; V. 114, p. 637; V. 118, p. 1404.

General Terms of Reorganization Plan.

New Company.—A new corporation (National Distillers' Products Corp.) shall be organized which shall authorize the issuance of the following securities: (a) $3,200,000 6-year 7% guaranteed convertible gold notes; (b) 110,000 shares sinking fund pref. stock, par $100, or without par value as the reorganization committee may determine entitled to preferential dividends of $7 per share per annum; 200,000 shares of common stock of no par value.

Holders of both the U. S. Food Products notes and the Distillers Secur. Corp. bonds assenting to the plan shall receive pref. stock, par for par, for the principal amount of the bonds and notes held by them respectively.

In addition assenting holders of Distillers Securities 5% bonds will receive 7 shares of com. stock for each $1,000 bond now held, and the assenting holders of 7% secured notes will receive 2.55 shares of such com. stock for each $1,000 note held by them, respectively.

Underwriting of New Note Issue.—The reorganization committee has procured the underwriting (by the Equitable Trust Co. and Chase Securities Corp.) of the issue of $3,200,000 6-year 7% guaranteed conv. gold notes, thus providing, among other things, what is considered to be sufficient working capital for the profitable operation of the new corporation.

Offer to Stockholders.—The notes of the new company are to be offered to stockholders of the U. S. Food Products Corp. at par and interest on the basis of $100 of notes for each ten shares of stock of the Food corporation, and stockholders of the old company who subscribe will be entitled to receive two shares of common stock for each $100 of the notes purchased.

President.—It is expected that Seton Porter (of Sanderson & Porter) will be President of the new company.

Voting Trust.—All stock, both pref. and com., is to be placed in a voting trust, of which B. W. Jones is to be one of the voting trustees.

Plan Operative.—The plan was declared operative in March 1924.

STOCK.—Authorized capital stock was formerly $32,500,000, but by vote of the stockholders on March 19 1919, certificates for $1,534,100 were canceled, leaving the present auth. capital stock $30,965,900.

The $4,500,000 7% notes due Sept. 16 1921, are in default. Compare V. 113, p. 1364.

After deducting the expense of the sale, there will be distributable out of the cash proceeds on each $1,000 bond, for principal and unpaid interest, the sum of $246.2412.

In consideration for the properties the several companies received stock in the Am. Ry. Exp. Co. (the Wells Fargo, $10,500,000 thereof) but no guaranty of net return. In Dec. 1920 the I.-S. C. Commission approved the permanent consolidation of the several companies into the American Railway Express Co. V. 111, p. 2532; V. 108, p. 2020, 2124. Changes in Railroad Wages.

(*Concluded from page 6.*)

adverse sentiment on the part of the public and the Federal Government, and even in the case of these unions, on a number of roads, notably the Pennsylvania Eastern Lines, the necessary 66 2-3% vote was lacking (V. 113, p. 1326, 1706, 1718, 1730 to 1738).

The strike was scheduled to begin in the various sections of the country Oct. 30 to Nov. 5 1921 (V. 113, p. 1735), but it was called off on Oct. 27 1921 after a hearing before the Labor Board, in view of the vote by the latter that it would not take up the matter of wage decreases until all the questions relating to national rules and regulations had been disposed of by it. (V. 113, p. 1849 to 1852, 1943.)

In 1921-22 the national rules were rewritten by the Labor Board on a somewhat more satisfactory basis for the shop crafts and maintenance of way men, clerks and station employees, signal men, supervisors, firemen and oilers, train dispatchers, railway express employees, &c., but not for the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railroad Conductors, Brotherhood of Railroad Trainmen and Switchmen's Union of North America. The efforts of the railroads to get these latter bodies to agree to a further wage reduction of about 10% and to submit to various changes in the rules failed in April 1922.

Reductions in wages of shopmen, maintenance of way men, freight car men, signal men, clerks, &c., aggregating approximately $135,000,000 per annum, were announced by the United States Railroad Labor Board in May and June 1922, effective July 1 1922. V. 114, p. 2432, 2541, 2784.

Following the wage reduction, the shop craft organizations went on strike July 1 1922, and for three months thereafter the railroads of the country were seriously handicapped in their operations. V. 115, p. 139. On July 17 1922 about 8,000 stationary firemen, engineers and oilers also were called out. President Harding made strenuous efforts to get the strikers to return to work and held numerous conferences with representatives of the unions and with railway executives. But his proposals for the settlement of the strike of railway shopmen, though accepted Aug. 2 1922 by the employees, fell through, because the carriers rejected the recommendation that the men return to work with their former seniority and other rights unimpaired (V. 115, p. 611, 612). Later in the month, however, many of the roads made individual agreements with their men on the basis of the so-called Baltimore plan or other separate arrangements, and where this was not done the strikers in large numbers gradually drifted back, so that by the end of September 1922 the strike ceased to be much of a disturbing influence. V. 115, p. 2123, 1596, 1282, 1283.

A temporary injunction restraining the officials of the Federated Railway Shop Crafts from interfering in any way with the operation of the railroads was granted at Chicago Oct. 5 1922 by Federal District Judge James H. Wilkerson, and later was continued in force. This was an additional aid in breaking up the strike. (V. 115, p. 1495, 2123.) On May 1 1923 leaders of the strike of railroad shopmen abandoned their case in defense against this injunction and announced that their principal contentions in the case had been upheld. (V. 116, p. 2086.) A final decree making permanent the temporary injunction was entered July 12 1923 by Judge Wilkerson. The decree affected about 400,000 railroad employees and officers of the shop crafts concerned in the strike. (V. 117, p. 169.)

The threatened strike of 400,000 maintenance of way men had meanwhile been stayed, E. F. Grable, President of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, having reached an agreement with the Railroad Labor Board to withhold any strike order until the Board could arrange for a rehearing (V. 115, p. 139, 395). After the rehearing the Labor Board (Oct. 14 1922) granted the employees, represented by the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, an increase, effective Oct. 16 1922, of 2 cents an hour over the reduced schedule put in force on July 1 1922 (V. 115, p. 1790).

The rules as revised for the other unions in general add from one to two hours to the eight hours that must be worked at the regular pro rata rate before the punitive extra pay becomes operative.

An increase totaling over $3,000,000, together with the eight hour day and time and-one-half for overtime, was granted to approximately 65,048 members (freight employees and common laborers) of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, effective March 1 1923. V. 116, p. 898; V. 115, p. 2446, 2343.

The United States Railroad Labor Board on March 10 1923 refused to reopen the case under which 11,000 telegraphers on eleven Western roads suffered wage reductions (said to total $1,500,000 annually) in a decision handed down by the Board in December 1922 (V. 115, p. 2755), and which became effective Jan. 1 1923. (V. 116, p. 1138.) Increases in wages affecting about 5,500 telegraphers and station agents and aggregating approximately $364,432, were, however, granted by the Board in Nov. 1923 on a number of roads. (V. 117, p. 2400.)

On April 24 1923 the Brotherhood of Maintenance of Way Employees, &c., filed a request with the Labor Board for a return to wages in effect prior to July 1 1921 (V. 116, p. 1856). The petition affected 28 railroads and 175,000 employees. On June 30 1923 the Board remanded the case back to the roads for individual settlements. Failing this, the Board on Dec. 3 1923 awarded a wage increase of 1 to 2 cents an hour, retroactive to June 1 1923, to approximately 22,612 maintenance of way men of the Boston & Maine RR., the Fort Smith & Western Ry., the Louisville & Nashville RR., the Louisville Henderson & St. Louis Ry., the Nashville Chattanooga & St. Louis Ry., the San Antonio Uvalde & Gulf RR., and the Trinity & Brazos Valley Ry. These roads had failed to reach individual settlements with their men. A number of other carriers involved in the original controversy had settled. (V. 117, p. 2508; V. 116, p. 1969.)

In Oct. 1923 the firemen, trainmen, conductors and engineers, represented by the Big Four Brotherhoods, asked for wage increases averaging approximately 12½%. This increase, it was computed, would cost the railroads about $100,000,000 additional a year and bring wages up to the schedules in effect as of May 1 1920. (V. 117, p. 2848, 1740, 1524, 750, 636.)

The first settlement growing out of negotiations with the railroad brotherhoods over wage increases asked in Oct. 1923 was announced by the New York Central RR. on Jan. 22 1924, when the road made known that it had reached an agreement with engineers and firemen on practically all divisions and subsidiary lines providing for an increase in wages of approximately 5% and changes in certain working conditions. The agreement which will run for one year will affect, it is estimated, about 15,000 men, including engineers, firemen, hostlers and hostler's helpers. This settlement was then used by the labor organizations as a basis for attempted agreements on all American roads. The increase, when applied to the 160,000 engineers and firemen employed by all Class I. railroads, would cost, it was figured, about $25,000,000. (V. 118, p. 394, 627.) An increase of approximately 5%, affecting 44 Western railroads and about 50 subsidiaries, was granted on April 8 1924 to approximately 80,000 conductors and trainmen. (V. 118, p. 2003.)

The U. S. Railroad Labor Board handed down a decision on Oct. 21 1923 awarding increases of 1 to 2 cents an hour to clerks, station forces, dock, warehouse and platform freight handlers and similar employees of 65 carriers. The opinion found that 29 carriers and employees of the class involved had negotiated agreements increasing pay for some of the groups, but that there was no uniformity in the agreements. The employees affected by the decision were represented by the Brotherhood of Railway and Steamship Clerks, freight handlers, express and station employees, by the Brotherhood of Railway Station Employees, and by the International Longshoremen's Association. (V. 117, p. 1849.) This decision followed close upon another denying an increase to signalmen. The wage increases asked by signalmen on 45 carriers ranged from 13 to 23 cents an hour. This class of employee had been granted an increase of 13 cents an hour by decision No. 2 in July 1920. On July 1 1921 their wages were cut from 6 to 8 cents an hour and a further decrease in July 1922 of from 5 to 6 cents an hour brought the rates of pay to approximately what they were under the Federal Administration prior to decision No. 2. The Board decided in denying the request that the cost of living and other elements entering into consideration of the case had not changed sufficiently since the last decision of 1922 to justify an increase (V. 117, p. 1741).

Since March 1 1923 wage increases of one kind or another have been made by many individual roads to their employees. The Pennsylvania RR. on March 12 1924 increased wages of about 22,000 engineers, firemen, hostlers and hostler helpers by 5%, retroactive to Jan. 16 1924; the Pennsylvania RR. also granted a wage increase of about 6% to 32,000 conductors, baggagemen, brakemen and switch tenders. Early this year an increase of about 5% was granted to engineers and firemen of the following roads: The Pittsburgh & West Virginia Ry., the New York Chicago & St. Louis Ry., the Erie RR., the Chesapeake & Ohio Ry. and the New York New Haven & Hartford RR.; this increase followed close upon the announcement of the New York Central RR. of similar wage adjustments, referred to further above. Increases of 5% have also been granted during 1924 to conductors and motormen of a number of roads, including the New York New Haven & Hartford RR., the Louisv. & Nashv. RR., the Lehigh Val. RR. and the Southern Ry. A wage increase, ranging from 30 to 36 cents a day to conductors, switchmen and brakemen, was granted on June 2 1924 by the Chesapeake & Ohio Ry. Co., retroactive to May 1. This action was in line with an increase given to engineers and firemen. Wage increases amounting to 6½% for all yardmen and trainmen, retroactive to May 1 1924, were granted by the Texas & Pacific Ry. These illustrations might be multiplied almost indefinitely.

Following a test suit brought by the Atchison Topeka & Santa Fe Ry., the Federal District Court at Chicago in April 1924 handed down a decision upholding the nine-hour day ruling of the I.-S. C. Commission for yardmasters. This order affected between 8,000 and 9,000 yardmasters on roads in all parts of the United States, who formerly worked 12 hours per day (V. 118, p. 2040).

The U. S. RR. Labor Board asserted in an opinion on June 27 1923 that the Pennsylvania RR. system "has

persisted in such violation in contempt of the unanimous decision of the U. S. Supreme Court," which sustained the Board's jurisdiction. The excoriation of the Pennsylvania system resulted when the railroad refused to deal with the elected representatives of the clerks' organization as officials representing employees' organization, although the railroad was ready to consider them as individuals. (V. 116, p. 2693, 2953; V. 117, p. 1849.) Judge Dickinson in the Federal District Court at Philadelphia, Pa., on Dec. 21 1923 dismissed the suit of the Brotherhood of Railway Clerks, Freight Handlers and Station Employees of the Pennsylvania RR. to compel the company to recognize their delegates in conferences on wages and conditions, on the ground that the Federal Court had no power to enforce the decisions of the U. S. RR. Labor Board and that the only way the Board's mandates could be carried out was in the "court of public opinion." The Board itself, Judge Dickinson declared, had no power to execute its own orders, "and no power has been delegated to the courts to have the decrees carried out." In conclusion the opinion said:

The judgment it [the Labor Board] may render may be acceptable to neither party, but each has the legal right to accept it or refuse to follow it. If the parties refuse acquiescence all that the Board can then do is to give publicity to its ruling, leaving the parties to their willingness to adjust the dispute under the guidance and perhaps the stress of public opinion, influenced, or it may be aroused, by the opinion of the Board.

On the same grounds, Judge Dickinson in the Federal District Court at Philadelphia on Feb. 5 1924 dismissed the $15,000,000 suit brought by the shopmen's organization against the Penn. RR. system. (V. 117, p. 2849; V. 118, p. 627.) Five months later (in July 1924) the United States Circuit Court of Appeals at Philadelphia dismissed equity suits brought by System Federation 90 of the Federated Shopcrafts and the Brotherhood of Railway Clerks against the Pennsylvania RR. for enforcement of wage increase and working condition decisions of the United States Railroad Labor Board. The suits were dismissed on the ground that the Federal Courts have no jurisdiction in such matters. An appeal to the Supreme Court of the United States is contemplated, it is said, by the Shopcrafts Federation, which asserted that the $15,000,000 back pay which was due under a decision of the Railroad Labor Board was based on the difference between the scale fixed in the national agreement made by the Railroad Administration during the war and the scale paid by the company after the railroads were returned to private ownership.

Settlements With Individual Carriers.

The United States Railroad Administration reports that up to Feb. 27 1924 it had concluded final settlements with a total of 437 railroads, including 69 short lines. The payment of these claims on final settlement was largely made up of balance of compensation due, but includes all other disputed items, as between the railroad companies and the Administration during the 26 months of Federal control. The list of railroads with which settlements have been concluded up to Nov. 14 1923 was given in the "Chronicle" of Dec. 1 1923. Later settlements will be found in our "General Investment News" Department under the heading "United States Railroad Administration," in V. 119, p. 695; V. 118, p. 1270 and 204, and V. 117, p. 2772, 1993.

Equipment Trust Agreements of Jan. 15 1920.

Equipment trust agreements were executed early in 1920 by some 80 leading railroad companies with the Director-General of Railroads and the Guaranty Trust Co. of New York as trustee, covering approximately $323,000,000 worth of new rolling stock, built and building. This rolling stock was ordered by the United States Railroad Administration during the period of Federal control of railroads and has been allocated to the railroad companies named below and accepted by them. (Compare V. 109, p. 1668, 1955, 2406.)

The notes, while issuable from time to time as equipment is delivered to the roads, are all dated Jan. 15 1920, payable, both principal and interest, in gold of present standard. Each issue will mature in 15 equal installments on Jan. 15 in each year, 1921 to 1935, both inclusive, and will bear interest at 6% per annum, payable semi-annually, July 15 and Jan. 15 at the office of the trustee in New York City. They will be subject to redemption at the option of the maker prior to maturity at 103 and interest on any interest date after 60 days' notice, but only as entire issues.

The War Finance Corporation, in a statement issued by Managing Director Eugene Meyer Jr., on Jan. 22 1922 announced that the Director-General had addressed a letter to all railroads of which the U. S. Treasury still held issues of equipment trust obligations no part of which had yet been sold by it, asking [in order to increase the salability of its holdings] that he be permitted to subordinate to the remainder of the issue [which remainder he might then sell] not alone the last five maturities, 1931 to 1935, or any one or more of them, but such portion of the maturities of any year as he might determine. The official statement said:

The amended clause will read as follows:

"'Eleventh: Upon request of the holder, or holders, of all the notes which by their terms shall be due and payable in any year, and upon presentation of such notes for that purpose, the trustee shall stamp thereon, or upon such part thereof as said holder, or holders, may designate and request, the following words:

"'For value received and as an inducement to purchases of unstamped notes, the holder of this note has caused the same to be stamped pursuant to Article Eleventh of the Equipment Trust Agreement mentioned in the note, and, as provided in said Article Eleventh, the unstamped notes shall be payable in preference and priority to the stamped notes out of any moneys received or collected by the Trustee under said Equipment Trust Agreement, upon enforcement of its rights or remedies in case of a default of the carrier.'

"For the present, it is the purpose of the Director-General, upon the execution of the supplemental agreements, making the amended clause operative, to make sales of railroad equipment trust obligations under an arrangement, to subordinate, on the part of the Government, approximately 33 1-3% of the principal amount of each maturity; and the Director-General will be prepared to sell 66 2-3% of issues of equipment trust obligations, unsubordinated, at par and accrued interest to date of delivery. The Railroad Administration will thus retain the one-third subordinated part of all serial maturities."

Association of Railway Executives at Annual Meeting Determine on Continuance of Policy of Expansion in Matter of Improved Transportation—Expenditures for Equipment.

At the annual meeting in this city on Nov. 19 of the Association of Railway Executives the position of the carriers was enunciated, this among other things, declaring that "there is no condition existing to-day which calls for any urgent legislative action by Congress with respect to the railroads, either as to rates, labor relationship or valuation." It was further declared that "the railroads are determined to continue their policy of expansion to provide adequate transportation for the increasing commerce of the country and to strive in every way to bring about greater efficiency in operation and a progressive reduction in cost." According to the statement issued at the close of the meeting by Hale Holden, President of the Chicago Burlington & Quincy RR. and Chairman of the Executive Committee of the Association, the capital expenditures for equipment and other improvements in 1923 and 1924 aggregated $2,136,446,000. It is reported that it is estimated that during 1925 the expenditures will exceed $1,100,000,000. The following is Mr. Holden's statement:

During the past two years, the railroads of the United States have successfully handled without transportation difficulties the greatest freight traffic ever offered in any similar period of time in history.

By every valid test, railroad operation, both in 1923 and 1924, has showed a marked increase in efficiency. To this increase in efficiency, valuable contributions have been made by railroad employes and by co-operation of shippers.

In 1923, capital expenditures for equipment and other improvements amounted to $1,059,149,000 while capital expenditures authorized for 1924 totaled $1,077,297,000, or a total for the two years of $2,136,446,000.

In view of the increased efficiency in operation during both years, and in view of the record breaking traffic handled, it would fairly be presumed that financial returns would appear commensurate with the character and quantity of service. As a matter of fact, however, the railroads of the country again fell far short of realizing the fair rate of return contemplated under the terms of the Transportation Act. The property investments of Class I railroads, including materials and supplies and cash on hand, is $21,725,165,404. At the rate of 5¾%, the return realized should have been about $1,250,000,000. In fact, the net railway operating income for Class I carriers in 1923 was $961,955,465 or a return of 4.43% on the property investment. Returns for the 1924 are not complete but for the first nine months, the return realized has only been 4.21%.

It will be recalled that the net railway operating income of Class I roads for the calendar year 1916 was $1,040,084,517. Since 1916 new capital to the amount of $3,896,000,000 has been invested in Class I roads. The largest net railway operating income of these roads since 1916 was in 1923, when it was less than $962,000,000. From these facts it appears that the Transportation Act has not been responsible for excessive returns, but that,

on the contrary, the returns in 1923 were over $78,000,000 less than in 1916, although there has been not only this large addition to capital investment but also a greatly increased service.

The enormous capital expenditures were made by the railroads in full reliance upon the expressed protection in the Transportation Act of the right to a fair return on private property devoted to public transportation service. They have not spared themselves in their efforts to provide ample facilities and adequate service to the shippers and the public. In order to continue to furnish such facilities and such service, adequate revenues are absolutely essential.

The relationship between management and men on the railroads again shows a general record of harmony and co-operation. There have been no serious strikes or serious threats of strike during the year.

A large share of credit for the better co-operation of the shipping public with the carriers is due to the organization of the various Shippers' Regional Advisory Boards in all parts of the country. These boards are voluntary organizations and are distinctly representative of the public interest in transportation. Their primary duty is to keep informed of the transportation needs of their respective districts, to discuss and consider with each other and with representatives of the railroads their transportation problems and to forecast and make known to the railroads the measure of transportation service necessary to meet the future requirements of the shippers.

A lesson to be learned from this forward step is that it has shown the way in respect to the transportation service, to a larger freedom of management and a reduced demand for the exercise of governmental authority. It results in improved operating service, by methods voluntarily adopted after conference and a broad knowledge of the situation and carried out by the willing and helpful co-operation of all parties concerned. It removes misunderstandings and puts the public which is served in better harmony with the carriers through a better knowledge of their mutual problems. It is a step away from political regulation and a step toward business treatment.

The shippers of the country have continued to express their complete satisfaction with and appreciation of the transportation service which the railroads have rendered them. Such expressions of satisfaction and commendation have been received from all parts of the country and from shippers dealing in all kinds of commodities.

The carriers present to the people of the country this unparalled record of transportation service during the past two years of more nearly normal business conditions as positive proof of what railroad management can accomplish, even under the strict system of regulation that now exists.

The carriers have asked that the Transportation Act, in its fundamental and cardinal provisions, be left unchanged until such a record could be developed, and they believe that the results set forth above fully justify that request.

While the carriers have refrained from aggressive action in seeking legislation, they have spared no effort to be aggressive in the more fundamental and constructive matter of transportation service. They believe that it is more essentially constructive to offer the people and the shippers of the country a continuously improved transportation service than is anything else that they can do.

In the light of this record, therefore, the carriers now define their position as follows:

1. That all railroad problems as they arise should be dealt with and settled as economic questions, which they are, and not as political issues, which they are not.

2. That there is no condition existing to-day which calls for any urgent legislative action by Congress with respect to the railroads, either as to rates, labor relationship, or valuation.

3. That railroad freight rate and passenger fare adjustments should be left to the duly constituted government regulating body, where they will receive a full and fair hearing and an adequate economic analysis, and not be made the subject of direct legislative action. Rate making by legislative action would be destructive.

4. That amendments to the Transportation Act which may be demonstrated to be necessary by experience under normal business conditions, should be made only after a fair and judicial consideration of all pertinent economic facts, and not as the result of political agitation or of political pressure upon Congress.

5. That a continuation of adequate transportation facilities and service carriers as an inevitable corollary the necessity for adequate revenues to be earned and retained in order that railroad credit may be restored and reestablished in the confidence of investors and that ample additions, improvements and repairs may be made at reasonable financial costs.

6. That the carriers should seek in every legitimate way to enlighten the public on all phases of the complex transportation industry by the dissemination of authoritative information and should foster and aid the tendency recently observed to remove railroad questions from the arena of politics to the field of economic analysis so that the private management of the railroads may continue a program of increasingly adequate and efficient service, under full and proper regulation and may continue the efforts they are making to serve faithfully the public interest.

7. And that, looking forward with continued confidence to the fairness of the American people, the railroads are determined to continue their policy of expansion to provide adequate transportation for the increasing commerce of the country and to strive in every way to bring about greater efficiency in operation and a progressive reduction in cost.

After two years service as Chairman of the Executive Committee of the Association of Railway Executives, Mr. Hale Holden, President of the Chicago Burlington & Quincy RR., asked the association to relieve him of the Chairmanship because of the pressure of his other duties. His request was granted and Mr. R. H. Ashton, President of the American Railway Association was selected by the Executive Committee to succeed him for the ensuing year.

ECONOMIC TRENDS IN THE ELECTRICAL INDUSTRY

Railroad Electrification Barely Begun

The railroads of this country are embarked on an intensive program of improvement. Last year they spent more money for new equipment than in any similar period since the outbreak of the war. This year the same rate of expenditure is being maintained.

Extraordinary expansion of the electrical industry must inevitably result, for modern standards of speed and economy in rail transportation demand electrification—particularly of suburban areas, terminals, tunnels and steep grades.

Barely 1½ percent of our total railroad mileage is now electrified, although authorities estimate that traffic conditions on many times this mileage warrant electrification. In terms of the needs of the country, railroad electrification has only barely started.

WESTINGHOUSE ELECTRIC & MANUFACTURING CO.
EAST PITTSBURGH, PA.

Westinghouse

The electrification of railways is distinctively a Westinghouse achievement. Today the heaviest railroad service of the United States is being handled by the Alternating Current System—developed by Westinghouse. Westinghouse installations include such railroads as: Pennsylvania Railroad; New York, New Haven and Hartford; Norfolk, and Western; Virginian; Grand Trunk and many others—both domestic and foreign.
